

Tim Aidlin

USER-CENTERED, DATA-DRIVEN, VALUE-FOCUSED CX & PRODUCT DESIGN LEADER

Email: tim@timaidlin.com | Portfolio: timaidlin.com | History: [LinkedIn Profile](#)

Experienced **UX/UI designer** with a 20+ year track record of leveraging a **human-centered, data-driven design** approach to develop valuable, delightful digital solutions for clients across industries. Expert in blending innovative **design** with **accessibility** considerations, ensuring inclusive, intuitive **user** experiences. **Design** leader, mentor, and technologist, harnessing AI to compliment **UX** workflows.

Featured Accomplishments

- **TCS - Senior CX Designer | Client - Henry Schein:** Designed and implemented a comprehensive, agile-first global e-commerce platform, successfully managing over 10,000 **user** stories to enhance **user experience** and streamline operations, manage project challenges, and drive the **UX** vision and delivery for the MVP release..
 - **TCS - Principal CX Designer | Client - Blue Cross Blue Shield:** conducted **strategic research** and **design**, significantly improving customer **experience**, allowing for more accurate, quick, and engaging experiences. Time to completion-of-service reduced by approximately 20%, according to early MVP **user**-testing. Architecture and **design** was immediately accepted by the client and used from the RFP response through delivery of components, style libraries, and documentation to work in concert development.
 - **Deloitte Digital - Senior CX Designer | Client - State of Michigan:** Orchestrated and designed customer **experience** transformation of Michigan's Medicare system's **UX** strategy, **design** and development. Decreased time-to service by ~60%, according to early **user** testing.
 - **Deloitte Digital - Senior CX Designer | Client - Samsung:** Lead the **design** of the TizenOS App Store – from initial RFP through **UX research**, ideation, **design**, prototyping and delivery
 - **Microsoft - Developer and Platform Evangelist:** Creative Director for and speaker at Microsoft's global conferences, innovative "Lab" projects and thought-**leadership** publications, increasing traffic to visimix.com, mixonline.com, MSDN, and other virtual and in-person events an average of 30% year/year; virtual and in-person attendance to the various events increased an average of 20% year/year. (2006-2011). **Design** of Microsoft's first live-streaming player with live Tweeting (+ moderation features).

Core Competencies

- | | | |
|---|--|--|
| ● Strategic UX/CX Design | ● Data-Driven Decision Making | ● Product Feature Requirements |
| ● Product Design Leadership | ● Cross-Disciplinary Collaboration | ● UX DesignOps |
| ● User Research & Insights | ● Agile & Lean Design Methodologies | ● Information Architecture and Wireframing |
| ● Design Tool Mastery (Figma, Adobe CC, Mural, JIRA, most other industry-standard tools.) | ● AI-Enhanced CX Workflows | ● Accessibility & Inclusive Design |
| | ● UX Research and workshops | ● Emerging Technologies Adaptation |

Professional Work Experience

Principal Product Designer | Mukua

September 2023 – Current, Seattle WA (remote)

UX Research and Strategy: 30% | CX Design: 40% | UX Leadership: 30%

- End-to-end product design for new online presence; conducted stakeholder research, gathered and analyzed results to crystallize into UX/UI and Visual Design of the MVP, launching March 2023.
- Crafted and implemented design operational strategy across the UX design lifecycle, from initial response, business strategy, design vision, and development delivery.

Sr. Customer Experience (CX) Designer | Tata Consultancy Services (TCS)

March 2020 – August 2023, Seattle WA (remote)

UX Research and Strategy: 60% | CX Design: 30% | UX Leadership: 10%

- As a key contributor to the Henry Schein project, I led the UX design efforts, successfully navigating complex version control challenges and implementing an atomic design system in Figma to enhance the global e-commerce platform, directly contributing to the project's extensive scale and detailed attention to user requirements.
- Led Product Design Strategies: Championed UX/UI design strategies for high-profile clients, notably improving Blue Cross Blue Shield's member experience through strategic design enhancements that increased user engagement by over 25%.
- Directed UX Research and Strategy: Spearheaded comprehensive UX research for ThermoFisher, crafting strategic design plans that streamlined their e-commerce platform, enhancing user navigation and efficiency.

Principal Designer | Rasterize

August 2016 – March 2020, Seattle WA

UX Research and Strategy: 30% | CX Design: 60% | UX Leadership: 10%

- Conducted comprehensive research and strategy development for responsive web and native experiences, ensuring solutions were tailored to user needs and business objectives.
- Led the design process for key clients like A Place for Mom and Nordstrom, focusing on customer service and sales solutions, and crafting information architecture and design systems to enhance product availability and user experience.
- Collaborated with Business Stakeholders, Customers, and internal Design, Finance, and Engineering teams, providing leadership in the development and delivery of digital products for clients including Google, adhering to Material Human Interface Guidelines

Professional Work Experience (cont'd)

Sr. Customer Experience (CX) Designer | Deloitte Digital

July 2013 – August 2016, Seattle WA (on-site with client and remote)

UX Research and Strategy: 40% | CX Design: 40% | UX Leadership: 20%

- Led UX teams and mentored junior designers, fostering a collaborative environment and guiding the development and execution of high-impact UX projects while embedded on the client's site..
- Provided design leadership and expertise, managing projects end-to-end and delivering client-facing presentations, while working closely with stakeholders, users, and customers.
- User personas, customer journeys, information architecture, visual, and rapid-prototype design to crystalize and illustrate our vision for our MVP.

Additional Professional Work Experience

- Creative Director | Developer Express, Inc | Seattle, WA | February 2012 – May 2013
 - Senior Designer | Vertigo Software | Seattle, WA and San Francisco, CA | March 2011 – February 2012
 - Developer and Platform Design Evangelist | Microsoft | Redmond, WA | July 2006 – March 2011
 - Senior Designer | Avenue A/Razorfish | Seattle, WA | July 2005 – July 2006
-

Recommendations

"Tim's exceptional skill in the domain of human-centered UI, UX, and CX design significantly elevated the quality of our projects, especially critical in projects that involved shaping the strategic design and integrated delivery of our customer experience projects on a global scale."

D. Bengtson, RN-BC MS CCHC |

Industry Advisor Healthcare Manufacturing and Innovation Executive, TCS | Level Colleague

"Tim has expert-level understanding of each design phase, from Human Centered Design research to intuitive interface design through prototyping and delivery, ensuring our solutions directly addressed user needs."

Tim Randolph |

Engagement Director for CX Transformation and Digital Marketing TCS |

Manager, PM multiple client engagements

Education and Professional Development

- **"UX for AR/VR Experiences"** | Online, Michigan State University, via Coursera | August 2023 – September 2023
 - **Numerous industry conferences** | Including An Event Apart, Worldwide Developers Conference, and Google I/O, Microsoft, PDC, MIX, TechEd
 - **Bachelor of Arts** | Florida State University | Tallahassee, FL
-

Instruction and Public Speaking

Microsoft Conferences (Speaker/Presenter/**Leadership** Team)

- Microsoft: MIX 07-10 (US and International events) | Microsoft PDC09, Los Angeles, CA; 2009 | TechEd10, New Orleans, LA; 2010

School of Visual Concepts (Instructor), Seattle, WA

- **"Experiments** in AI: How **UX** Designers Can Use New Tools," 2024
 - "An Introduction to Enterprise **User Experience Design (UX)**," certificate course; 2014
 - "Exploring UI **Design** With Web Standards (HTML5, CSS3, JavaScript), workshop series, 2010
