PROFESSIONAL EXPERIENCE

- Wells Fargo & Company
Chief Operating Office, Enterprise Change **Management**
Group Portfolio Delivery
Des Moines, IA
 - **Delivery Lead**
Data Assets Management Product, *formerly known as Enterprise Data Assets (EDA) program*
October 2021 through September 2023
Responsibilities and Achievements-
 - Initial **project manager** responsibilities entailed leading Channel & Interaction Authorized Provisioning Point **project** and Wells Fargo Administration Authorized Provisioning Point **project**. Assumed leadership of three additional projects when two **project** managers were moved off EDA program in February 2023.
 - Worked with sponsors, work stream leads, and EDA program **manager** to transform all five projects to product **management** approach.
 - Worked closely with product **manager**, delivery team product owners and scrum masters, and program **manager** to implement weekly cabinet release review process for all Change the Bank (CTB) releases in support of **Risk** Control Self-Assessment (RCSA) program.
 - Monitored Jira boards of 24 product delivery teams to schedule release reviews, coordinated with product owners to gather and organize all required release information, and ensured each release review meeting was a value-added experience for product team.
 - **Lead Project Manager**
EDE One Wells Fargo Project, *(EDE: Enterprise Data Environment program)*
December 2021 through December 2022
Responsibilities and Achievements-
 - Overall accountability for managing all **project** activities and deliverables to meet defined objectives in compliance with **project management** methodology and technology policies and standards.
 - Supported sponsor by ensuring appropriate information available to make informed decisions.
 - Successfully implemented automated dashboard reporting process that provided Wells Fargo Executive Team and select **senior** leaders ability to assess COVID-19 pandemic's impact on workforce.
 - Transitioned each user group to separate line of business data repository, completed decommission of One Wells Fargo database ahead of schedule and within **budget**.
 - **Lead Project Manager**
EDE Testing Approach project
October 2020 through December 2021
Responsibilities and Achievements-
 - Individual responsible for leading **project** team to achieve all goals and objectives.
 - Leveraged expertise of team to effectively manage multiple competing priorities and requirements.
 - Ensured **project** maintained appropriate, non-disruptive impact on day-to-day business operations.
 - Successfully implemented test script automation of over 2,000 test cases, securely stored within test case repository, achieved all defined goals and objectives while completing **project** ahead of schedule.

- **Lead Project Manager**
EDE Enterprise Data Quality Management project
April 2019 through September 2020
Responsibilities and Achievements-
 - Primary individual responsible for planning, organizing, and managing all aspects of project.
 - Managed technology financial performance to include preparation and approval of technology cost estimates, establishment of project forecast, and monitoring of actual cost and variance.
 - Worked closely with cross-functional team and stakeholders to identify risks, dependencies, and obstacles to progress, developed and implemented mitigation and resolution plans.
 - Final solution provided business and data analysts new tools and capabilities:
 - Ability to create and execute data quality measurement and monitoring rules that leverage multiple data filters that span numerous applications.
 - Capability to utilize data control catalogs to locate and manage metadata.
 - Ability to more effectively monitor data quality metrics and organize data quality results.
- **Lead Project Manager**
Strengthen Manager Communications project
December 2017 through July 2019
Responsibilities and Achievements-
 - Key project objective was to communicate Wells Fargo's progress in fulfilling commitments made to Office of Comptroller of the Currency (OCC) as part of the 2017 Consent Order program.
 - Worked closely with company communication leaders, subject matter experts, and cross-functional team to define project scope, identify impacted stakeholders, and develop change management and implementation plans.
 - Facilitated project team meetings, monitored and organized performance results. Communicated progress to internal Rebuilding Trust Office (RTO), Wells Fargo audit services, and senior leaders on a regular basis.
 - Solution provided Wells Fargo leaders and managers the tools to more effectively communicate with standardized and consistent messaging, while maintaining autonomy and flexibility for the company.
- **Lead Project Manager**
Employee Relations Reorganization project
January 2017 through December 2017
Responsibilities and Achievements-
 - Provided leadership and coaching to facilitate effective team performance and meet goals and objectives of project.
 - Worked closely with employee relations leaders and managers to identify core services, functional groupings, and optimal target state.
 - Worked with cross-functional team and subject matter experts to identify implementation risks, dependencies, and obstacles to progress. Developed and implemented effective mitigation and resolution plans.
 - Successfully implemented effective organization structure, technology enhancements, and business process improvements while achieving project objectives and delivery timelines.

- **Wells Fargo Home Mortgage**
Des Moines, IA
 - **Lead Implementation Manager** *(employed, contracted through TEK Systems)*
Print Vendor Migration and Imaging Content Migration Platform project
February 2015 through July 2016
Responsibilities and Achievements-
 - Assumed leadership of critical project that had continually failed to gain traction during prior year.
 - Primary objectives included migration of over 200 million mortgage document images to Imaging Content Management Platform (ICMP) as part of Print Vendor Migration (PVM) program, and implementation of over 60 performance metrics within Imaging Performance Management Dashboard.
 - Facilitated technology planning meetings with developers, engineers, and vendor representatives to identify business requirements, critical data elements, migration rates, and volume limits required for successful migration strategy.
 - Worked with technology team and vendor to create and implement workaround solution to successfully migrate large volume of images that were missing critical metadata (indexing data).
 - Team effectively achieved document migration and implementation objectives within a truncated timeline. Solutions contributed to significant improvements in business efficiency and reduction of operating cost.
- **Wells Fargo Home Mortgage**
Des Moines, IA
 - **Project Manager** *(employed, contracted through Apex Systems)*
Windows 7 Migration Program
April 2013 through April 2014
Responsibilities and Achievements-
 - Primary program objective was to upgrade over 230,000 laptop and desktop computers across Wells Fargo to Windows version 7.
 - Created and maintained key program artifacts in compliance with internal standards and best practices to include standard work procedures, status and readiness reports, and decision logs.
 - Utilized Microsoft Excel and Microsoft Access to communicate migration progress reports and functional area readiness reports to line of business leaders and managers and program stakeholders on regular basis.
 - Team successfully upgraded all company laptop and desktop computers on schedule with minimal disruption to business operations.
- **Wells Fargo Home Mortgage**
Des Moines, IA
 - **Project Manager** *(employed, contracted through Paragon IT Professionals)*
Independent Foreclosure Review, Financial Remediation Execution program
October 2012 through February 2013
Responsibilities and Achievements-
 - Worked with technology team, business leaders, and subject matter experts to stand up Financial Remediation Execution process as part of federally mandated Independent Foreclosure Review (IFR).
 - Developed project plan, status reports, and communicated to business leaders and stakeholders on regular basis.

- Created and administered SharePoint site in support of 14 program teams and impacted stakeholders.
- Program was discontinued in early 2013 as result of settlement reached between Wells Fargo and Office of the Comptroller of the Currency (OCC).
- **Greenstar Recycling L.L.C.**
Des Moines, IA
 - **Project Manager**
April 2011 through May 2012
Responsibilities and Achievements-
 - Managed implementation of new procurement software (FIDO).
 - Worked with maintenance personnel to develop standard maintenance procedures for manufacturing equipment.
- **Conlin Properties, Inc. and Roxanne Conlin & Associates, P.C. Law firm**
Des Moines, IA
 - **Human Resource Director**
April 2005 through February 2010
Responsibilities and Achievements (project related)-
 - Developed and implemented company performance management and compensation management programs.
 - Worked with finance department to conduct needs assessment of monthly financial management and reporting process. Identified opportunities for improvement, worked with finance personnel to implement new processes and technology enhancements.
 - Implemented Pay Xpert payroll and EZ Labor Manager time/attendance program.
- **Danaher Corporation (Warner Linear)**
Marengo, IL
 - **Manager of Human Resources**
November 2001 through November 2002
Responsibilities and Achievements (project related)-
 - Worked closely with manufacturing leaders and subject matter experts to develop and implement skill-based cross training program.
 - Implemented PC for Payroll and EZ Labor Manager time/attendance program.
- **United Technologies (Hamilton Sundstrand)**
Rockford, IL
 - **Human Resource Manager**
June 2000 through June 2001
Responsibilities and Achievements (project related)-
 - Work closely with procurement leaders to develop and implement competency-based 360° performance management development program.
- **Bridgestone/Firestone, Inc. (Firestone Agricultural Tire Company)**
Des Moines, IA
 - **Division Human Resources Manager**
December 1994 through May 2000
Responsibilities and Achievements (project related)-
 - Work with senior leaders and business managers to develop and implement division's performance management, succession planning, and mentoring programs.
 - Administered workforce skill and competency assessment program, analyzed assessment results, identified and implemented employee development programs.
