

FABRÍCIO KURY

fab@kury.dev • +1 (202) 505-8276 • New York, NY, 10001

Summary

I am a medical doctor specializing in healthcare **data** analytics, leveraging extensive programming **skills** to perform diverse projects in **SQL**, R, Python and **SAS**. My experience includes working with very large healthcare claims datasets (Medicare VRDC and CCLF) and standard terminologies (SNOMED, LOINC, RxNorm, ICD-10, HCPCS/CPT, OHDSI OMOP CDM) to deliver strategic insights to support value-based care programs. I am adept at **data** manipulation and **analysis** for RWE and have published an R package.

Experience

Lead Consultant, Data Analytics **04/2023 to present**
CVS Accountable Care (formerly Signify Health, acquired by CVS Health)

- Designed and led **data statistical** analyses from start to finish, to support healthcare providers in value-based care programs (MSSP, ACO REACH), enhancing clinical and **financial** outcomes.
- Analyzed Medicare claims **data** from tens of millions of beneficiaries in the CMS VRDC employing R, **SQL**, **SAS** and Python.

Consultant **03/2022 to 07/2022**
*Sami Health **Data**, LLC*

- Led a small **team** to build a cloud system for continuous ETL of FHIR **data** into OMOP CDM **database**, using **SQL** and Python.
- Delivered a compliant dataset with over 10,000 patients, ensuring **data** integrity and scalability.

Clinical Data Strategist, Scientific Computing **08/2021 to 12/2021**
Mount Sinai Health System

- Fulfilled clinical **data** requests, translating clinical language into **SQL**, R and Python code that produce **data** extracts.
- Implemented the OHDSI **Data** Quality **Dashboard** to improve **data** quality and uncover issues.

Senior Manager, Clinical Informatics **11/2019 to 07/2021**
Regeneron Genetics Center, within Regeneron Pharmaceuticals, Inc.

- Developed electronic phenotypes in **SQL**/R/Python and appraised novel **data** assets for quality.
- Led **statistical** analyses to support drug discovery in large datasets of Electronic Health Records.
- Harmonized, unified local master ontology with the OHDSI ecosystem.

Chief Data Officer **06/2019 to 10/2019**
*Sami Health **Data** LLC (company)*

- Served as the first Chief **Data** Officer, contributing to the company's initial growth phase.
- Oversaw **data** acquisition and management, and strategy during seed investment period.

Postdoctoral Research Scientist **06/2018 to 05/2019**
Columbia University, Dept. of Biomedical Informatics

- Developed an annotation model for **machine learning**, then used it to produce a dataset that was published in Nature Scientific **Data** (<https://www.nature.com/articles/s41597-020-00620-0>).
- Presented research at the OHDSI Annual Symposium 2018.

Postdoctoral Research Fellow

06/2014 to 06/2018

Lister Hill National Center for Biomedical Communications, US National Library of Medicine, US National Institutes of Health

- Performed **statistical** analyses using CMS VRDC Medicare claims **data** in **SAS** from over 87 million beneficiaries. Published papers (<https://ascopubs.org/doi/full/10.1200/JCO.2017.72.6109>).
- Received the US National Library of Medicine Special Act or Service Award in 2017.

Education

Medical Doctor (M.D.)

Rio De Janeiro Federal University Medical School

- Study Abroad: Harvard Medical School, US National Institutes of Health' Clinical Center

Skills and Accomplishments

- Proficient in **SQL**, R, and Python for **data analysis** and manipulation.
- Proficient with terminologies such as LOINC, RxNorm, OHDSI OMOP CDM, ICD-10, CPT, HCPCS, SNOMED.
- Experienced in AWS and GCP cloud environments.
- Authored R package for electronic phenotyping: <https://github.com/fabkury/phea/>
- Fluent in Portuguese and English. Professional proficiency in Spanish. Conversational in French.
- Recipient of US National Library of Medicine Special Act or Service Award (2017).
- O-1 Extraordinary Ability Visa approved in 2019 after extensive CV review.

Academic publications

- **Chia, a large annotated corpus of clinical trial eligibility criteria.** Fabrício Kury, Alex Butler, Chi Yuan, Li-heng Fu, Yingcheng Sun, Hao Liu, Ida Sim, Simona Carini & Chunhua Weng. *Nature Scientific Data*, 2020. <https://www.nature.com/articles/s41597-020-00620-0>
- **Doc2Hpo: a web application for efficient and accurate HPO concept curation.** Cong Liu, Fabricio Sampaio Peres Kury, Ziran Li, Casey Ta, Kai Wang, Chunhua Weng. *Nucleic Acids Research*, 2019. <https://academic.oup.com/nar/article/47/W1/W566/5491745>
- **Risk of Alzheimer's Disease Among Senior Medicare Beneficiaries Treated With Androgen Deprivation Therapy for Prostate Cancer.** Seo Hyon Baik, Fabricio Sampaio Peres Kury, and Clement Joseph McDonald. *Journal of Clinical Oncology*, 2017. <https://ascopubs.org/doi/full/10.1200/JCO.2017.72.6109>

Summary

My focus is on spearheading **data analysis** projects that guide and support value-based healthcare initiatives. Leveraging comprehensive expertise in biomedical informatics, I contribute to the success of providers in Medicare Shared Savings and Medicare Advantage programs. I participate in **data** analytics efforts that support a vast network of providers who care for millions.

Work History

- Lead Analytics Consultant, Value-Based Care Solutions Signify Health
- 2021 Annual Symposium Scientific Program Committee Amia
- 2020 Annual Symposium Scientific Program Committee Amia
- Clinical **Data** Strategist Mount Sinai Health System
- Postdoctoral Research Scientist Columbia University In The City Of New York
- Consultant In Healthcare **Data** Analytics Sami

- Chief **Data** Officer Sami
- **Senior** Manager Regeneron Pharmaceuticals
- Postdoctoral Research Fellow National Library Of Medicine
- Student Editorial Board Member Journal Of The American Medical Informatics Association
- Student Editorial Board Member Methods Of Information In Medicine
- **Senior** Analytics Consultant, Value-Based Care Solutions Signify Health

Education

- **Doctorate** | Rio de Janeiro Federal University
