****Professional Summary****

Experienced ****AEM Author and Frontend Content Management Specialist**** with extensive knowledge of **Adobe Experience Manager (AEM 6.4 & 6.5)**, **digital asset management (DAM)**, and **web content** accessibility (WCAG 2.2). Proven record of leading teams and implementing best practices to enhance **content** quality, streamline workflows, and accelerate publishing timelines. Skilled in HTML5, CSS3, **JavaScript**, and responsive **design** with a keen focus on **web** accessibility, SEO, and efficient **asset** organization.

****Leadership & Project Highlights****

- ****Adobe 6.4 to 6.5 Migration & DAM Reorganization****

Led a two-year migration from **AEM 6.4** to **AEM 6.5**, coordinating efforts across 65 onshore and offshore contractors. Developed and delivered training for stakeholders on **AEM** features such as smart tags, multilingual support, and **DAM** organization, resulting in optimized **asset management** and consistent quality across 5,000+ **AEM** pages.

- ****Accessibility Standards & Team Training****

Developed and implemented a training program for 20+ business stakeholders on WCAG 2.2 standards and accessibility **testing**. Established protocols for accessibility on all published pages, resulting in a significant compliance improvement across all **content** managed.

- ****Jira & Agile Coordination****

Customized Jira filters and reporting structures to streamline task **management** and ensure **AEM** Author support across 20 Agile teams. Launched a mentorship program enabling team members to gain expertise in specialized areas, contributing to improved team efficiency and collaboration.

- ****Content Fragment Standardization****

Established a legal disclaimer **content** fragment library with consistent naming conventions for enhanced searchability and reuse, significantly reducing redundancy across thousands of **AEM** pages.

- ****Cross-Functional Collaboration****

Worked closely with backend developers, UX designers, and product teams to improve UI component functionality and clarify SOPs, accelerating cross-platform **content** rollout for Salesforce, mobile, and React **applications**.

****Technical Skills****

****Frontend Development****

- ****Languages & Frameworks****: HTML5, CSS3, JavaScript, SASS, Bootstrap
- ****CMS & Web Content Tools****: Adobe Experience Manager (AEM 6.2, 6.4, 6.5), WordPress, Elementor, Colibri, Divi, Gutenberg, SiteImprove, Screaming Frog, A11y Accessibility tools
- ****Design & Prototyping****: Figma, Zeplin, Adobe Photoshop, Affinity Designer, Agile, Project Management

****AEM & Content Management****

- ****Core AEM Skills****: DAM, WCM, Content Fragments, Experience Fragments, Smart Tags, Touch UI
- ****Migration & Versioning****: AEM 6.4 to 6.5 migration, multisite and multilanguage management, SEO optimization
- ****QA & Accessibility****: SiteImprove, Screaming Frog, WCAG 2.2 standards, cross-browser testing, built custom accessibility testing tools and page audits

****Collaboration & Project Management****

- ****Agile & Tools****: Jira (advanced filters & reporting), Confluence, Agile, Kanban, Scrum methodology
- ****Backend Knowledge****: AEM CRXDE Lite, AEM Dispatcher, SQL basics, PHP basics, knowledge of AEM component customization, version control (Git/GitHub)

**Work Experience**

**VP AEM Author Team Manager & Trainer**

****U.S. Bank, Remote****

****April 2021 – July 2024****

- Oversaw frontend UI development for a team of 65 contractors, managing 5,000+ active AEM pages across 20 product teams.
- Established training protocols for accessibility (WCAG 2.2), page optimization, and best practices, resulting in improved QA compliance.
- Built a mentorship program to create a healthy team structure that increased team efficiency and fostered individual growth within specialized areas.
- Reorganized 87,000 assets in DAM with intake standards, folder structures, naming conventions, and smart tags to prevent redundant siloed assets among product teams and streamline searchability.

**Frontend UI Developer**

****Vektor, Remote****

****February 2021 – May 2021****

- Created responsive web pages using HTML5 and CSS3 based on Figma prototypes.
- Collaborated with UX designers to align UI behavior with style guides and improve design consistency.
- Leveraged Docker with Lando to streamline WordPress build processes, optimizing development for restaurant-specific child themes.

**AEM Author**

****AAA Insurance, Remote****

****August 2020 – January 2021****

- Implemented **AEM** authoring tasks using a custom **AEM** setup, including **content** creation, **HTML** components, and **DAM** management.
- Led SEO projects focused on rebuilding tags and metadata lost during .NET migrations, improving site searchability.
- Developed **Experience** Fragments for managing multisite **content** across 12 regions, optimizing regional rollout efficiency.

****AEM Migration Specialist****

****Adobe** Corporation, Remote

****October 2020 – December 2020****

- Managed the "lift and shift" migration of over 37,000 pages for the State of Oklahoma websites to **AEM** 6.5.
- Conducted cross-browser/device **testing** and peer reviews to ensure quality control during migration.
- Cross-functional team collaboration with authors, testers, **content** specialists, developers and stakeholders to troubleshoot and optimize the transition to **AEM's** Touch UI 6.5 **Cloud**.

****Education & Certifications****

- ****Tech Talent South Boot Camp**** - Dallas, TX
****Full Stack **Cloud Developer****** (04/2019 - 07/2019)
Skills: **Java**, Spring Boot, MySQL, Thymeleaf, Apache Tomcat
- ****Brigham Young University Idaho**** - Online (12/2018 - Present)
****Bachelor of Science in Computer Science**** (Expected Graduation: 2025)
- ****University of Utah**** - Salt Lake City, UT (06/2000 - 06/2004)
Majors: ****Architecture** & English

Summary

"ABSORB WHAT IS USEFUL. REJECT WHAT IS USELESS. ADD WHAT IS UNIQUELY YOUR OWN." ~BRUCE LEE Currently, I'm the manager for our **AEM** Author team at U.S. Bank. Our team of 41 **AEM Content** Authors supporting 19 teams. We build new pages and maintain around 4,000 active pages throughout CMS platforms. We successfully updated to **AEM** 6.5 and learned great lessons in the process. Recently, I worked for **Adobe** (corporation) on a giant government contract to translate all the State of Oklahoma government websites to **AEM**. My team is huge, talented, helpful, and well-organized. We perform our own QA, triage, and peer code reviews. I'm learning so much from everyone. It's great working for **ADOBE** on an **ADOBE Experience** Manager project. **AEM** Author & Front End **Developer** **AEM** 6.2, **AEM** 6.4, **AEM** 6.5 Touch UI Manager WCM, **DAM**, TAGs, Eloqua Forms, **Content** Fragments, **Experience** fragments **AEM** Package Manager Main responsibility is building pixel-perfect pages using customized **AEM** templates, components, and modules Also using **HTML** containers to fix misbehaving components. QA: triage pre-production sites before sent to production pursuing **AEM** certification to become an **AEM** backend **developer**
