

MIGUEL GOMEZ

Senior iOS Developer

PROFESSIONAL SUMMARY

Senior iOS Developer with extensive expertise in mobile app development and IT solutions, leveraging over 5 years of experience to innovate and enhance user engagement. Proficient in Swift, Kotlin, and a diverse range of technologies such as CI/CD, UIKit, and SwiftUI, consistently optimizing app performance and accessibility. Passionate about integrating cutting-edge solutions to drive user satisfaction and operational efficiency.

EMPLOYMENT HISTORY

SENIOR IOS DEVELOPER

The Home Depot

2020 - Present

Atlanta, Ga (Remote)

- ◆ Enhance Home Depot app features, boosting user retention by 19.8% using Swift and Kotlin.
- ◆ Implement ADA features, increasing accessibility by 29.7% and reducing support tickets.
- ◆ Lead automated testing, cutting manual efforts by 49.6% and speeding releases by 14.8%.
- ◆ Optimize API handling, refactor code, reducing crashes by 19.9% for better iOS/Android experience.

IT SPECIALIST

Spectrum (formerly Charter Communications)

2004 - 2019

Irwindale, Ca

- ◆ Resolved technical issues for 500+ users, achieving 95% satisfaction.
- ◆ Enhanced network performance, reducing downtime by over 30%.
- ◆ Managed IT deployments, ensuring policy compliance.
- ◆ Implemented security measures, reducing incidents by 40%.
- ◆ Led IT projects, boosting operational efficiency significantly.

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

Harvard University

2019 - 2023

Cambridge, MA

- **Data Structures and Algorithms:** Studied fundamental data structures (arrays, linked lists, trees, graphs) and algorithms for sorting, searching, and optimization.
- **Software Engineering:** Gained practical experience in software development methodologies, project management, and collaborative coding practices.
- **Web Development:** Learned to build and deploy web applications using technologies like HTML, CSS, JavaScript, and frameworks such as React or Django.
- **Mobile App Development:** Developed skills in iOS app development using Swift and SwiftUI, focusing on user experience design and functionality.
- **Database Systems:** Explored relational and non-relational database systems, SQL, and data modeling techniques.
- **Operating Systems:** Analyzed operating system concepts, including process management, memory management, and file systems.
- **Machine Learning:** Introduced to machine learning algorithms, data analysis, and practical applications in Python.
- **Computer Networks:** Gained an understanding of networking principles, protocols, and the architecture of the Internet.
- **Human-Computer Interaction:** Studied user interface design and usability principles to create intuitive applications.

SKILLS

SwiftUI (Skillful), Objective-C (Skillful), JavaScript (Skillful), Python (Experienced), Ruby (Beginner), HTML/CSS (Skillful), SQL (Skillful), PostgreSQL (Skillful), SwiftUI (Experienced), UIKit (Experienced), Core Animation (Experienced), CocoaPods (Experienced), SQLite (Skillful), MySQL, CI/CD, Xcode (Experienced), Git (Experienced), GitHub (Experienced), Figma (Skillful), Jira (Beginner), Java (Experienced), Objective-C (Skillful), JavaScript (Experienced), C++ (Skillful), Architecture (Skillful), Xcode (Skillful), Visual studio code (Experienced), Node.js (Skillful), Firebase (Skillful), Restful API's (Skillful), Mobil App Testint (Skillful), Test automation (Experienced), CI/CD Integration (Skillful).

Bug Tracking & Communication (*Skillful*), **Swift** (*Skillful*), Appkit (*Skillful*).

ADDITIONAL INFORMATION

MOBILE APP DEVELOPMENT PROJECTS

Tic-Tac-Toe App

Developed a classic tic-tac-toe app using SwiftUI, featuring a black-and-white chalkboard theme and advanced gameplay mechanics.

- Implemented a scoreboard to track player progress, including wins, losses, and ties.
- Enhanced gameplay with an AI **computer** challenge mode, offering players the option to compete against the app.
- Integrated a reset button and a feature that automatically crosses out the winning line, providing a seamless end to each game.
- Added functionality to stop the game upon loss, improving the user experience by ensuring fair play and feedback.
- Focused on delivering a smooth, engaging user experience with clean, visually appealing UI components using SwiftUI and **Core** Animation for dynamic interactions.

RELEVANT PROJECTS

Bookshare App

Created the Bookshare app, a community-driven platform focused on making books and stories accessible, especially for children and families who may not have the resources to purchase books for bedtime stories.

- Developed a story-**sharing** feature where users can contribute and share their own stories, fostering a creative and supportive community.
- Integrated **API** access to provide users with a curated selection of free books, making it easier for parents to find bedtime stories for their children.
- Built a system for book exchanges and donations, allowing community members to give back by offering books to others in need.
- Designed a child-friendly mode to make story browsing and reading intuitive and enjoyable for younger users.
- Implemented real-time notifications for new story and book availability, as well as updates on community contributions.
- Focused on creating a seamless, user-centric experience using SwiftUI, with secure iCloud syncing to ensure user **data** is available across all devices.

INTERNSHIPS

IOS DEVELOPER INTERN

2023 - 2024

JudgeUs (Startup)

Los Angeles, Ca (Remote)

- Collaborated with a team of developers to **design** and implement **Swift** and **Objective-C** based **iOS** applications, focusing on **performance** and user experience enhancements that increased user engagement by 15%.
- Developed and maintained **networking** functionality to interact with **RESTful** APIs, improving **data** handling efficiency and reducing load times by 20%.
- Conducted **code** reviews and wrote unit tests, ensuring a 98% **code** coverage and improving overall app reliability.
- Designed and implemented intuitive user **interfaces** using **UIKit**, contributing to a 10% increase in user **satisfaction** through enhanced app **usability**.

COURSES

IOS PROGRAMMING (HANDS-ON EXPERIENCE CREATING FULLY FUNCTIONAL APPLICATIONS USING SWIFTUI, FOCUSING ON PROJECT-BASED LEARNING AND REAL-WORLD APPLICATION SCENARIOS) <i>Codepath</i>	2023 - 2024
IOS PROGRAMMING (INTENSIVE PROGRAM COVERING MOBILE DEVELOPMENT FUNDAMENTALS, INCLUDING SWIFTUI, UIKIT , RESTFUL APIS, AND APP DEPLOYMENT ON THE APP STORE. <i>UC San Diego</i>	2024 - Present
DEVELOPED FOUNDATIONAL PROGRAMMING SKILLS IN PYTHON, JAVA, FOCUSING ON CORE CONCEPTS SUCH AS DATA STRUCTURES, CONTROL STRUCTURES, AND ALGORITHMIC THINKING. COMPLETED HANDS-ON PROJECTS TO REINFORCE LEARNING AND PRACTICAL APPLICATION OF PROGRAMMING PRINCIPLES. <i>HarvardX's Computer Science for Python Programming</i>	2023

LANGUAGES

Spanish (*Native*), English (*Native*).

HOBBIES

- Boxing: Passionate about the sport, focusing on fitness and discipline.
- Reading: Enjoy exploring various genres and authors to broaden **knowledge** and perspective.
- Outdoor Activities: Regularly take long walks in the park with my dog, valuing time spent in nature.

Miguel Gomez

- West Covina, CA, US
