

DAVID M. CROWELL, C.P.A., C.P.I.M.

1729 St. Andrews Road East, Winona Lake, Indiana 46590 - (574) 914-4164 - dmcrrll@comcast.net

***Consulting in:* INFORMATION TECHNOLOGY - FINANCE - MANUFACTURING - ENGINEERING**

Seasoned Management Consultant blending **financial** expertise with operational and IT acumen to refine, optimize, and align business models for maximum productivity and profit. Excels in discrete manufacturing environments and engineering industries spanning North American, Europe, and Asia. Integrates in-house staff for 100% process by-in.

INFORMATION TECHNOLOGY - Specializes in modeling business processes within client's existing software

ENTERPRISE RESOURCE PLANNING ■ OPERATING SYSTEMS ■ APPLICATION ARCHITECTURE ■ RADIO FREQUENCY BAR CODING

- › Saved \$250K per year by refining ERP system utilization enabling a 50%+ workforce reduction.
- › Designed online problem-resolution system, reducing trouble tickets 55% while doubling completion rates.

FINANCE – Establishes controls and **reporting to deliver transparency, clarity, and accuracy to enhance planning**

INTERNAL CONTROLS ■ STANDARD COSTS ■ INVENTORY VALUE ■ FIXED BUDGETS ■ OVERHEAD REDUCTION

- › Reversed historically troubled SOX audits, driving average 15 exceptions to zero, introducing process systems, work flow diagrams, and high-visibility dashboards to consistently achieve full certification.

MANUFACTURING / OPERATIONS – Offers in-depth knowledge to streamline, contain costs, and reduce waste

APICS CERTIFICATION ■ INVENTORY CONTROL ■ QUALITY ASSURANCE ■ MATERIAL PROCUREMENT ■ MATERIAL RESOURCE PLANNING (MRP)

- › Implemented RF data collection for all inventory operations, conserving up to \$100K per annum with the flexibility; ended work stoppage loss while introducing License Plating for simplicity and error reduction.
- › Engaged Kanban techniques to control process simultaneously slashing inventory action messages 90%.

ENGINEERING – Delivers core competency to introduce controls and refined processes

BILLS OF MATERIAL ■ CONTINUOUS IMPROVEMENT TEAMS ■ DESIGN/BILL TEAMS ■ AUTODESK'S GENERIC CAD

- › Reduced design time 95% by integrating shop-floor feedback early in the design process.
- › Initiated and enforced mandatory part number requirements on Engineering Change Notices as prerequisite for mandatory part numbers on drawings and mono-detail structures streamlining ordering and cycle time.

Certified Public Accountant (CPA), licenses in Indiana and Florida

Certified in Production & Inventory Management (CPIM) - AMERICAN PRODUCTION & INVENTORY CONTROL SOCIETY (APICS)

MA in Accountancy - UNIVERSITY OF SOUTH FLORIDA | **BS in Mechanical Engineering** - CORNELL UNIVERSITY

Professional Experience

Executive Consultant and Partner - VECTAR ENTERPRISES, LLC 2009 – Present

- Provided hands-on guidance in enhancing and documenting business processes to include internal controls, proper segregation of duties, chart of account reorganization, and integration of processes in client's software.

Manager, Finance - DEPUY ORTHOPAEDICS, INC., A JOHNSON & JOHNSON COMPANY 2000 – 2009

- Achieved consecutive 85% reductions in controls exceptions and 13.6% reduction in prior-year test requirements by designing, implementing and continuously improving a World Wide **Financial Compliance** Maintenance Management System for a \$5B medical technology manufacturer that fully informed internal customers and provided unparalleled transparency in the internal control environment.

Manager, Information Management

- Spearheaded the Application Security Sarbanes-Oxley **compliance** delivery teams saving \$67K+ in redundant effort and \$75K in inefficient **compliance** practices; established single-point contact support process.
- Transformed 2nd Level Application Support team from 55% to 85% on-time-to-promise support solution delivery.
- Led the implementation of Radio Frequency Bar Coding Data Collection Software validated for FDA requirements in conjunction with a J.D. Edwards One World Enterprise Resources Planning Software implementation.

Director of Engineering - SUPREME CORPORATION 1998 – 1999

- Led 15 engineers and bill of material support staff for a \$200M specialty truck body manufacturer, establishing continuous improvement teams for model configuration and a flexible Engineering Action Items System.
- Designed and documented procedures for handling non-standard options in product sales.

Prior: **Hydraulics Engineer** ■ **Information Systems Manager** - THE LANTIS CORPORATION

Captain (Top Secret Clearance) - UNITED STATES ARMY

David Crowell

- Winona Lake, IN, US
