PROFESSIONAL EXPERIENCE

Senior Advisor

PhilHealth

Manila, Philippines

July/2024 – Nov/2024

Health Insurance Corporation (PhilHealth) is the national health insurance company of the Philippines Government. The report of 2023-2028 suggests the Philippine (DoH) has several significant challenges that constrain the accessibility, affordability, and quality of health care services. A team was put together to work for the Board of Directors.

Through advising and studying countries academic, private, and public health systems, we proposed a culturally and data driven approach to digital health transformation. Proposing a solution to drive configuration and implementation of appropriate technologies and processes to achieve the Quadruple Aim: better care experience and health outcomes at lower cost with improved provider sustainability and well-being.

- ✓ Assess DoH and PhilHealth data sources in the context of current operational and technical environments to collaborate and define the strategy for digital transformation
- ✓ Work to refresh both the strategies, design future state digital care and develop long-term plans that achieve the Quadruple Aim
- ✓ Assess current data, environments, operations, and systems to identify areas of exposure and risks
- ✓ Propose technology changes in conjunction with transformation to improve organizational resilience and protect the future of PhilHealth
