PROFILE

Hi, my name is Myron Jackson. Have you ever considered how transformative **leadership** in Agile methodologies and PMI frameworks can drive innovation and operational excellence? With over a decade of experience managing cross-functional teams, leading Agile transformations, and implementing enterprise-level solutions, I consistently deliver measurable results. My expertise in fostering Agile maturity, influencing cultural transformations, and aligning projects with organizational objectives positions me as a strategic partner for companies looking to enhance efficiency, collaboration, and value delivery. Let's discuss how I can help drive success in your next **project**.

EXPERIENCE

Company: Problem-To-Solution Inc.

Current Client: Acuity Brands

Role: **Senior Project Manager**

July 2022 –

How do you revolutionize financial operations through innovative **project management**? As a **Senior Project Manager** for **Acuity Brands**, I've spearheaded transformation projects, aligning technology and processes to enhance operational efficiency and stakeholder outcomes.

- **Agile Maturity Leadership:** Facilitated Agile workshops, improving team velocity by 20% and fostering a culture of continuous **improvement**.
- **ERP Implementation:** Led financial transformation initiatives, implementing ERP systems and achieving a 95% on-time completion rate while aligning with organizational goals.
- **Roadmap Execution:** Defined and executed **project** roadmaps, aligning **resource** allocation and timelines with **business** objectives.
- **Conflict Resolution:** Mediated cross-team conflicts, ensuring alignment and fostering collaboration across **engineering**, finance, and **IT** teams.
- **Risk Management:** Developed proactive **risk management** strategies, reducing **project** delays by 15% and ensuring compliance with industry standards.
- **Stakeholder Engagement:** Maintained continuous alignment with stakeholders through regular updates, achieving a 96% satisfaction rate.
- **Process Optimization:** Streamlined financial **reporting** processes, reducing **reporting** cycle times by 20% through automation and integration.

Skills: Agile Maturity, ERP Implementation, Stakeholder Engagement, **Risk Management**, **Process** Optimization, Conflict Resolution

Tools Used: Jira, Oracle ERP **Cloud**, Power BI, **Microsoft** Teams

Current Employer: Problem-To-Solution Inc.

Past Client: Deloitte

Role: **Finance Project Manager**

April 2018 – July 2022

How do you empower teams to deliver exceptional results through Agile transformation? At Deloitte, I guided Scrum teams and delivered innovative solutions that optimized operations and exceeded client expectations.

- **Scrum Leadership:** Coached teams on Agile best practices, improving story point **estimation** accuracy and sprint delivery consistency.
- **Velocity Tracking:** Monitored team velocity and utilized burndown charts to identify bottlenecks, improving sprint outcomes by 18%.

- **Process Automation:** Automated workflows to reduce administrative tasks, achieving a 25% **improvement** in team efficiency.
- **Stakeholder Collaboration:** Partnered with stakeholders to define priorities and align backlogs with strategic objectives, increasing transparency across teams.
- **Scaled Agile Practices:** Facilitated SAFe ceremonies, enhancing coordination across teams and delivering on multi-team objectives.
- **Team Mentorship:** Mentored junior Scrum Masters, fostering **leadership** growth and ensuring consistent Agile practices.
- **Continuous Improvement:** Fostered a culture of retrospectives and feedback loops, driving continuous **improvement** across teams.

Skills: Scrum **Leadership**, Agile Transformation, Velocity Tracking, Backlog **Management**, Scaled Agile Practices, Team Mentorship

Tools Used: Jira, Confluence, Smartsheet, Tableau

Current Employer: Problem-To-Solution Inc.

Past Client: Wells Fargo

April 2016 – April 2018

Role: **Project Manager**

How do you ensure scalable, data-driven solutions for a global banking leader? At Wells Fargo, I led high-impact projects that streamlined financial processes and improved team **performance**.

- **System Modernization:** Spearheaded deployment of **cloud**-based platforms, reducing manual processes by 80% and enabling real-time **reporting**.
- **Lean Six Sigma Integration:** Applied Lean Six Sigma principles to reduce operational costs by 15% and improve **process** efficiency.
- **Team Alignment:** Coordinated efforts between finance, **IT**, and **risk** teams, ensuring alignment on **project** goals and compliance requirements.
- **Change Management:** Drove adoption of new systems through targeted **training** and **change management** initiatives, improving team productivity by 12%.
- **KPI Reporting:** Created dashboards to track KPIs and **project** health, enabling data-driven decision-making.
- **Leadership Growth:** Guided teams to adopt Agile practices, enhancing collaboration and delivering faster results.
- **Conflict Resolution:** Addressed interdepartmental conflicts to maintain alignment and ensure smooth **project** execution.

Skills: **Cloud** Solutions, Lean Six Sigma, **Change Management**, **KPI Reporting**, Stakeholder **Communication**, **Leadership Development**

Tools Used: Oracle ERP **Cloud**, Power BI, Tableau, Smartsheet

Current Employer: Problem-To-Solution Inc.

Past Client: Target

April 2015 – April 2016

Role: **Project Manager**

How do you drive enterprise-wide financial transformation through innovative **project leadership**? At Target, I delivered projects that improved operational efficiency and enabled strategic growth.

- **Workflow Optimization:** Streamlined workflows, achieving a 20% increase in operational efficiency through automation.
- **Strategic Planning:** Aligned **project** goals with long-term **business** strategies, ensuring scalability and sustainable outcomes.
- **Data Integration:** Designed integration strategies for financial systems, enabling seamless **reporting** across departments.
- **Cost Savings:** Identified opportunities to reduce costs, realizing \$50,000 in annual savings without compromising **quality**.
- **Team Collaboration:** Fostered collaboration across finance, **IT**, and operations teams, driving alignment and efficiency.
- **KPI Development:** Built dashboards to monitor KPIs and track progress, delivering actionable insights to **leadership**.
- **Risk Management:** Addressed potential risks proactively, ensuring compliance and **project** success.

Skills: Workflow Optimization, Strategic **Planning**, Data Integration, **Cost** Reduction, **Risk Management**, Collaboration

Tools Used: Tableau, Excel, Oracle ERP **Cloud**, MS Teams
