- Change **Management**
- **Data** Integrations
- **Software** Implementation & Upgrades
- **Data Infrastructure** Builds
- Conflict **Management** Program **Management**
- Dev Ops **Management**
- Records **Management**
- Waterfall and **Agile** Methodologies
- Vendor **Management**
- Organizational Awareness
- **Data** Migrations

ACHIEVEMENTS

- **Awarded HMSA Program **Manager** of the Year (2016)**, for managing the ACA Online Storefront (Obamacare) Program. Activities included **data** migrations & upgrades for Claims/Billing systems, managing a 20-person **Customer** Outreach team specializing in commercial and federal accounts, and leading a claims consolidation effort reducing internal costs by \$6M+ within the first year.
- **Awarded "Joint Service Achievement Medal"**, for leading operational activities in 2005 and 2008 resulting in direct **reporting** to the Director of NSA (DIRNSA) and the President of the United States of America.

Professional Experience

Sr. **IT Project/Program Manager, Sound Transit – Seattle, WA October 2017 – Present**
(Current/Active Projects)

- **SharePoint 2010 to O365 Migration:** Currently managing a large scale **data** migration utilizing ShareGate and ROT Cleanup efforts to remove and migrate 15TB worth of **data** between 22 specific stakeholder groups.
- **Right of Way, Real Property Implementation:** Currently negotiating the procurement of a SaaS solution for all Sound Transit Real Property **management**.
- **HRMS Time Entry:** Successfully implemented an Agency-wide Time & Attendance system with integrations to the Agency's financial system, Oracle JDE E1, allowing users to submit and approve time requests, download pay statements, and view time off accruals remotely 24/7.

Sr. **IT Consultant, AIM Consulting/REI (Consultant) – Kent, WA (April 2017 – September 2017)**

- **O365 Program **Manager**:** Inherited a team of 10 for the **planning**, execution and successful implementation of the **cloud**-based **collaboration** platform, Office 365. Projects included: **Windows** 10 with Office 2016 "Click to Run" and full SCCM Application **Management** upgrade, SharePoint 2010 **data** & governance migration (to include metadata and **taxonomy**), ROT Clean Up, Power Mapping, etc.

Sr. **Technical Program **Manager**, TekSystems/HMSA (Consultant) – Honolulu, HI (Dec 2013 - Feb 2017)**

- **Data & Systems Migrations:** Managed a team of 15 for the migration of large scale RTM/RTP **data** from mainframe legacy platform (AS400) to QNXT open systems for 720K customers reducing \$6M+ in operational & printing costs (30% reduction for 740K customers).

- **CMS:** Led the Master Renewal Database (MRDB) to adhere to CMS audit control findings for reconciliation of claims, billing (LRSP and QNXT platforms), and reprints that resolved 8 audit issues. Managed Business Analyst, Dev Ops and Quality teams from discovery to final audit.
- **Open Enrollment:** Managed complex system QNXT billing projects for 2016 Open Enrollment upgrades for civilian and federal sectors.
- **Claims ODS:** Implemented an Operational Data Store (ODS) database integrating data from multiple internal and external sources (LRSP and QNXT) for up to date, near real-time claims reporting which reduced turnaround by 1 day.
- **ACA Online Storefront & eExchange:** Implemented an Online Storefront (OSF) member experience tool offering electronic Group and Individual Marketplace shopping, exchange features and functionality, account management, initial payment options, and out-of-pocket cost estimators. Project reduced call center volume and improved ACA customer satisfaction due to ability to self-serve.

IS&T Project Manager, Footlocker – Camp Hill, PA (May 2012 - October 2013)

- **Global Warehouse Management Systems:** Led the corporate, global wide upgrade for the Warehouse Management for Open Systems (WMOS) solution to help streamline global corporation objectives for single order processes, on-time shipping requirements, and warehouse control system integrations for 160 countries and 3600 stores. Because of project, supply chain reduction of 50% (2 days from packaging to shipment).
- **PeopleSoft Deployments:** Implemented a third party reloadable Debit Card program providing an alternative for individual payment needs, reduction of in-house printing and mailing of paper paychecks, PeopleSoft self-service web and mobile functionalities for daily banking, and internal automatic wage and tax processing features for adoption of an electronic payroll system.
- **Oracle/JDE Implementation:** Implemented various Oracle office products to include P6, ERP, and E1 solutions to adhere to PMO, HR and Finance objectives and requirements.

IT Operations Manager, ClearEdge IT Solutions (NSA Consultant) - Fort Meade, MD (May 2009 - April 2012)

- **Government Construction Project Management:** Managed a team of 25 for the remodeling of a 115 person call center including IT infrastructure requirements, network configuration, server rack installation, IP and MAC address connectivity and assignments, and Auto-CAD and blueprints. Responsible for drafting and publishing all technical documentation in adherence to all NSA construction regulations while.
- **Software Deployment:** Introduced and coordinated short & long term budget forecasts, business models, and UAT cases for fiscal year billing scenarios to the company & government customers via Clarity PPM software.
- **Government Communication:** Provided weekly and monthly spend plans, forecasts and path actions for all IT projects represented within the facility to meet milestone objectives.
- **Contract Management and Negotiation:** Managed multiple classified DoD contracts supporting various software development programs. Because of exceptional execution, awarded \$10M contract.

Russian Linguist/Network Engineer, US Navy– Various NSA Locations (July 2001 – June 2009)

- **Public Relations/Foreign Liaison Officer:** Hand selected by the Commanding Officer for this role: provided bi-weekly status reports to PACOM Fleet and National-level consumers for 50+ 5 Star Generals and the Director of NSA. Conducted 30+ operational briefs to various foreign dignitaries. Assigned Point of Contact for local and state news briefs and conferences.
