Seeking to continue my growth in javascript and node experience totalling five years. The last two doing front end **development** using react/redux on a core revenue generating streaming web application.

SKILLS

- javascript
- koajs
- react
- typescript
- redux
- node

EXPERIENCE

Accretive Technology Group - Seattle, WA
Top adult streaming

Associate SDE, Feb 2020 - Feb 2022

- Implemented react components from a given UX wireframe, hooked up redux state and wrote unit tests as part of sprint works definition of done.
- Worked on a performer broadcasting web application that generates most of ATG's revenue.
- Completed tickets implementing facial **recognition** effort for identifying performers to satisfy payment providers.
- Completed tickets to create mobile version of desktop application.
- Refactored code base to use styled components from CSS modules.

Sr SDET, Sept 2016 - Feb 2020

- Help ATG achieve CI/CD by creating a GUI **automation framework** using a hybrid selenium webdriver and puppeteer used by all front end teams.
- Replace manual testers with push button releases to production.
- Freed manual testers to focus on production issues and other interesting work.
- Assist front end teams by writing P0 **automated** tests using the new **framework**.

(See linkedIn for previous employments)

EDUCATION

Washington State University, Bachelor of Science, Computer Science

Washington State University, Bachelor of Science, Chemical **Engineering**
