FEMI BELLO

Azure Solution Architect. Security Solution Architect. Enterprise Architect

COMPETENCIES

World class and exceptional information technology expert, delivering decades of hybrid professional knowledge, multi skills, multi capabilities and experience in cloud and hybrid architectures, infrastructure architectures, application architectures, integration architectures, cybersecurity architecture and enterprise architecture in a global, collaborative agile scrum culture.

PROFESSIONAL CERTIFICATIONS

Cloud Services

Microsoft Azure - Microsoft Certified Azure Solutions Architect Expert.
Cert#: 1205-8923

Enterprise Architecture

The Open Group - Certified Enterprise Architect - TOGAF 9.0 Certification.

Legacy

Microsoft Certification - MCT SharePoint 2007, SharePoint 2010

Microsoft Certification - MCSE NT, 2000, 2003

Checkpoint Certification - CCSA Checkpoint Firewall/VPN Security

SKILLS:

Cloud - Azure networking design and implementation - virtual wan, virtual network, NAT gateway, VPN gateway. azure bastion, express route, application gateway, azure front door, azure load balancer, azure traffic manager, Azure DDoS Protection, Azure private link, Azure Firewall, Azure DNS. third party marketplace solutions.

Azure Integration design and implementation - API Management, azure event grid, azure service bus, azure logic apps, azure function

Azure Containers - Azure service fabric, azure container apps. Web app for containers, azure Kubernetes service, azure functions, azure container instances, azure container registry, app configuration.

Azure Migration - Azure database migration service, azure site recovery, azure migrate, azure databox, Microsoft cost management.

Azure Compute – Azure Virtual machine scale set, azure virtual desktop, AKS, azure **cloud** services, azure app service

Azure Identity – Azure AD, azure **information** protection, Azure AD external identities (B2B, B2C)

Miscellaneous – ARM template. JSON, XML, REST APIs, Microservices design, Business continuity and design, **Microsoft** Exchange, SharePoint, CipherTrust Manager Encryption, Hardware **Security** Module Integration, email **security**, Asp.net core, .net core, IaaS, PaaS, 0365 **Security** services, **Data** protection (Broadcom, **Microsoft** Purview), Network **security**, Identity and **access management**, Cryptography, Threat modeling,

Azure Storage – Azure backup, azure blob storage, azure queue storage, azure **data** lake storage gen 2, azure NetApp files, azure files, azure disk storage,

Azure Databases – Azure cache for Redis, azure **data** factory, azure SQL database, azure SQL managed instance, Azure Cosmo DB, Azure SQL Edge, azure table storage,

Azure **management** and **Governance** – Azure blueprints, azure policy, **Microsoft** Purview,

Miscellaneous – Guidewire integration, IBM FileNet integration, AWS Smartcomm document **management** integration, Disaster recovery, REST API design, Business **analysis**, C#, .NET, **enterprise** integration patterns, OAuth, Open ID, SAML

WORK HISTORY

SOLUTION ARCHITECT, ERNST & YOUNG(EY) UNITED STATES

Feb 2015 – Date

- Architected hybrid- multi-**cloud** synchronous and asynchronous event driven **solution** using Azure **data** factory pipeline, event grid, Azure storage API, Azure Integration runtime, business logic application routing using an orchestration layer with a multivendor **cloud** platform.
 - Worked on designing and architecting native and hybrid Azure **cloud** Microservices environments leveraging on Azure Compute services, API **Management**, Storage services, Identity services, Event hub, Event grid, Message bus, serverless services, Kubernetes services (AKS), business continuity services and **security** services based on Azure Well-**Architecture Framework**.
 - Developed **functional** and non-**functional** requirements, business impact **analysis** for Disaster recovery and business continuity for critical **infrastructure** workloads, business applications, **security** applications defining RPO, RPO and SLAs for all disaster recovery **solution** design views and integrated **solution** design views.
 - Worked on business **transformation**, migration, and modernization of on-premises workloads to Azure services including Azure App Services, Azure SQL database, Azure SQL instance, Azure Kubernetes, Azure Virtual machines,
-

Virtual machine Scale sets. using Azure migration services and tools including Azure Database Migration services, Azure Server migrate.

- Worked on designing complex Azure **cloud** native and hybrid, multiprotocol identity **management systems** including (SAML/OAuth/OIDC), MFA, JIT, RBAC, ADFS, Azure AD, Ping Identity, Azure B2B identity services.
- Designed end to end monitoring, logging, alerting, and triaging for integrated **architecture** solutions using native Azure monitoring and AWS Datadog **cloud** platform.
- Network and **security architecture** designs meeting compliance and regulatory requirements using Azure services including Azure virtual WAN, Hub and Spoke network topologies, Azure VNets, Azure firewall, Network **security** groups, Application **security** groups, Site-to-Site VPNs, Azure load balancers, Application Gateways, Azure front door, Network virtual appliances, Azure virtual WAN, Azure AIP, Azure Sentinel, Azure Key Vault, on prem and **cloud** DLP.
- Worked with **DevOps**/Engineering teams with configuration, **management** and automation tools using Azure **DevOps** CI/CD, Azure ARMs, PowerShell Scripts, Azure APIs.
- Designed and implemented Azure **cloud security** controls and **management** including tenant isolation, subscriptions, **management** groups, resource groups, Azure policies, Azure initiatives.
- Designed Azure **governance** using Azure blueprint, tagging strategies for cost and billing **management**, Azure deployment automation and deprovisioning of resources across multi geographic regions.
- Authored technical **Solution architecture** documentations including **architecture** design views and **architecture** design diagrams, integration design views, monitoring and analytics views, **security** views, identity views, **management** views, networking and **communication** views, business continuity and disaster recovery views.
- Worked on designing **security solution architecture** solutions aligned with compliance, regulatory, auditing, **governance** and **security** standards including DFARS, NIST 800-171, NIST 800-53, CMMC L3, **Cloud** Computing SRG, GDPR, CCPA, ISO

ENTERPRISE SOLUTION ARCHITECT, AMERICAN BUREAU OF SHIPPING(ABS), HOUSTON TEXAS

Sept 2014 - Dec 2014

SOLUTION ARCHITECT, INFORMATION CONTROL CENTER, COLUMBUS OHIO

April 2014 - May 2014

Available on Request

SENIOR ADVISOR INTEGRATION ARCHITECT, DELL CORPORATION (UNITED KINGDOM UNITED STATES)

Dec 2010 - Nov 2013

Available on Request

SENIOR SOLUTION ARCHITECT, LLOYDS BANKING GROUP LONDON UNITED KINGDOM

Aug 2010 - Oct 2010

Available on Request

SOLUTION ARCHITECT, NATIONAL HEALTH SERVICE(NHS) LEEDS UNITED KINGDOM

July 2009 - Oct 2009

Available on Request

LEAD SOLUTION ARCHITECT, LEEDS CITY COUNCIL, LEEDS UNITED KINGDOM

March 2009 - July 2009

Available on Request

SOLUTION ARCHITECT, ATOS ORIGIN, LONDON UNITED KINGDOM

May 2007 - May 2008

INFRASTRUCTURE SOLUTION ARCHITECT, CAPGEMINI, TELFORD UNITED KINGDOM

May 2005 - May 2007

SOLUTION ARCHITECT, UNIVERSITY OF ROEHAMPTON, LONDON UNITED KINGDOM

June 2004 - Jan 2005

INFRASTRUCTURE SOLUTION ARCHITECT, PEROGATIVE SOLUTIONS, LONDON UNITED KINGDOM

June 2002 - June 2004

TECHNICAL CONSULTANT, OBTECH ASIA PACIFIC, SINGAPORE

June 2001 - June 2002

TECHNICAL CONSULTANT, JABUSKY SYSTEMS, LAGOS NIGERIA

Feb 1198 - Feb 2002

EDUCATION

B.SC Computer Science, Sentinel University Birmingham Alabama, USA. 1998

Distance Learning.

B.SC Computer Science, University of Ilorin, Kwara State, Nigeria. 1998
On-Campus.

Work History

- Assistant Director, Solution Architect, Ey Technology Ey
- Solution Architect, Ey Technology Ey
- Solution Architect American Bureau Of Shipping (Abs)
- Senior Solutions Architect Lloyds Banking Group
- Senior Solutions Architect Nhs
- Solution Architect Capgemini
- Integration Architect Dell Technologies
- Technical Consultant Jabusky Systems

- **Senior** Advisor **Systems** Integration **Architect** Dell **Technologies**
- Messaging And **Collaboration Architect** Atos
- Messaging **Architect** University Of Roehampton
- Technical **Architect** Prerogative Solutions
- Technical Consultant Nec Asia Pacific PI
- Lead **Collaboration Architect** Leeds City Council

Education

- **Bachelors** | American Sentinel University
- **Bachelors** | University Of Ilorin

Skills

- architectures
- business **intelligence**
- **cloud** computing
- consulting
- design
- disaster recovery
- **information technology**
- integration
- sharepoint
- **architecture** - 20 years
- **collaboration** - 20 years
