

NIDHI KANADE

Alpharetta, GA 30040 | (267) 399-8985 | nidhi.kanade@gmail.com

SENIOR MAINFRAME DEVELOPER/TESTER

Dedicated, forward thinking IT Professional with 15+ years of experience in IBM Mainframe Application Development and Testing including experience in IT Management and technical writing within the SDLC methodology framework. Extensive knowledge in requirement gathering, analysis, design, programming, development, implementation, testing, integration, deployment, documentation and maintenance of IBM Mainframe Applications. Excellent working knowledge of Core Application design, development, testing and production support. Able to multi-task across different applications with strong project management, team building, and interpersonal skills.

TECHNOLOGY SNAPSHOT

✓ COBOL	✓ DB2	✓ JCL
✓ VSAM	✓ CICS	✓ Xpediter
✓ ETL	✓ Endevor/Changeman	✓ SAR
✓ File Aid/File Manager	✓ Intertest	✓ SPUFI
✓ Abend Aid	✓ Comparex	✓ IDz
✓ Strobe/IBM APA	✓ QMF	✓ Easytrieve
✓ REXX	✓ DFSORT/ICETOOL	✓ JIRA
✓ CoolGen/AdGen	✓ XML	✓ IBM Debugger
✓ CA7/Control-M	✓ BMC	

PROFESSIONAL EXPERIENCE

TCS - BANK OF AMERICA – MERRILL LYNCH | MUMBAI, INDIA

DEC 2010 – DEC 2024

TCS - BANK OF AMERICA – MERRILL LYNCH | PENNINGTON, NJ

INNOVA SOLUTIONS - BANK OF AMERICA – MERRILL LYNCH | PENNINGTON, NJ

Worked in GWM (Global Wealth Management) Taxlot, Statements and Tax reporting systems. Taxlot system captures and maintains client information and all the information of the client trade involving Equities, Stock Options Plans and Bonds etc. Taxlot system maintains clients portfolio and applies accounting methodologies like wash sales, average cost, bond amortization etc. It helps in providing those adjustments to downstream systems for Tax reporting and Statement generation. Statements system captures client and trading information and prepares monthly and fiscal statements. Tax Reporting system captures and accumulates Form 1098/1099*/5498 information throughout the year and sends the statement to the customer and I.R.S. by the date fixed by I.R.S. It also offers online, real time corrections processing and corrected statement creation.

SENIOR MAINFRAME DEVELOPER/TESTER

- Understand business requirements, analyze and provide estimates
- Create System Requirement Specification document and obtain sign-off from client
- Impact analysis and preparation of high-level and low-level design documents and detailed test plans for User acceptance testing (UAT) based on business requirements
- Development of batch/online code and stored procs using Cobol, JCL, DB2, CICS, VSAM, ETL, SORT and Easytrieve technologies
- Incorporated mainframe modernization designs by converting VSAM to DB2, Cobol stored procs to native stored procs
- Involved in end-to-end unit testing, regression testing, integration testing and UAT
- Presenting UAT test scripts and results to business partners and obtaining signoff

- Job scheduling using CA7/ **Control-M**
- Monitoring System performance, optimization and handling critical and high priority maintenance requests ensuring **data** accuracy and security
- Defect Tracking and Causal **Analysis** using JIRA, Xpeditor, Intertest, Abend Aid, **IBM** Debugger, Comparex
- **Production** Release using Endeavor/ Changeman and Post implementation **production** support
- Coordination with offshore team and Business knowledge sharing with offshore team

TCS - CIBC | TORONTO, CANADA

AUG 2008 – NOV 2010

TCS - CIBC | MUMBAI, INDIA

Worked in Lending Augmentation dealing with origination, approval and servicing for Personal loans and Personal Line of Credits, Small Business loans, Mortgages and Pre-Approved VISAs

MAINFRAME DEVELOPER

- To understand project scope and goals
- Create change request for new requirements and high level design
- **Development** of batch code and stored procs using **Cobol**, **JCL**, **DB2**, VSAM, SORT and Easytrieve technologies with IDE tools like CoolGen/Adgen
- Monitoring System performance and handling critical and high priority maintenance requests
- Defect Tracking and Causal **Analysis** using JIRA, Xpeditor, **IBM** Debugger, Comparex
- **Production** Release and Post implementation **production** support

TCS – AVIS & BUDGET CAR RENTAL | MUMBAI, INDIA

DEC 2006 – JUL 2008

The project's scope was to expand and eliminate the constraints on Location Number, Mnemonic code, Motor Vehicle asset number and Invoice Number

MAINFRAME DEVELOPER

- Involved in technical **analysis** of jobs/programs for solutions of issues raised by user request.
- Involved in Coding, Unit **testing** & System **testing** phases for **development** of new modules as per business requirements using **Cobol**, **JCL**, IMS and SORT technologies
- Ensuring that the **quality** standards are maintained as per organization's policy by conducting Self & Peer reviews.
- Involved during implementations of planned releases for packaging elements that are planned to be released using Endeavor

EDUCATION

RGPV UNIVERSITY | BHOPAL, INDIA

BACHELOR OF ENGINEERING IN COMPUTER SCIENCE (2006)

WITH DISTINCTION

CERTIFICATIONS

IBM CERTIFIED DATABASE ASSOCIATE

DB2 UNIVERSAL **DATABASE** V8.1 FAMILY (AUGUST 2007)
