## INFORMATION TECHNOLOGY LEADER

**Accomplished and agile IT leader bringing 15 plus years of success to leadership roles requiring exceptional expertise in global solutions planning, execution, and delivery.** Multifaceted domain expertise spans key verticals like Banking, Finance, Life Sciences, and Insurance. Demonstrated record of achievement in delivering scalable and resilient enterprise solutions that provide significant business value. Versatile skillset and proven talent for effortlessly engaging business and technology stakeholders such that technical initiatives align with business initiatives and strategy.

### CORE SKILLS

IT Strategy | Building High Performing Teams | Enterprise Architecture Frameworks (TOGAF) | Global Project Leadership | SaaS Solutions | ERP | CRM | SAFe Agile Scrum | Digital Transformation | Data Analytics & Security | SDLC |

### SELECTED HIGHLIGHTS

- ✓ **Drove Azure Cloud migrations at Assurant and EY for global solutions with 300,000 plus users which are highly available (24x7 operations with 99.99% availability),** scalable (handling peaks of 10x steady state load) and resilient.
- ✓ **Established, evolved, and expanded Architecture Practice from scratch;** built engagement model, created core standards, built team, created deliverable templates, and instituted peer review process with key IT/business stakeholders.
- ✓ **Led high-profile technology integration/transformation initiatives;** presided over efforts like Global Warranty \$33M initiative, Content Management and eCommerce/eCRM solution delivery to B2B partners like Amazon, Samsung, and Google.

### PROFESSIONAL EXPERIENCE

**ASSOCIATE DIRECTOR - GLOBAL IT ARCHITECTURE SERVICES ▶ Ernst & Young (EY) 2016 - Present**

Direct high-performance team of eight Technical Architects delivering strategic vision for up to \$20M solution portfolio. Span of control includes key business areas in EY Client Technology (Financial Data Analytics - FP&A and ESG, Audit Advisory Services, and Cyber-as-a-Service). Foster cross-functional collaboration with business/Product Owners and technical stakeholders.

- **Promoted Enterprise Architecture asset value and ensured smooth delivery by utilizing logical frameworks and encouraging enterprise-wide usage;** leveraged embedded technology building blocks and data platform in product roadmaps. Core technologies such as Azure Data Factory (ADF), Databricks, Azure Event Hubs, AI/ML, Power BI, Delta Lake.
- **Leveraged expertise to positively influence critical solutions delivery roles** across the Project Management Office (PMO) and IT Service Delivery & Engineering. Performed POCs and fit gap analysis for emerging technologies.
- **Cultivated and nurtured core partnerships across Product Owners, IT, SaaS/PaaS solution providers and vendors/analysts;** efforts helped to extract valuable enterprise insights and harness/embrace Enterprise Architecture industry standards.
- **Shaped and set strategic direction of Architecture team on solution portfolio initiatives;** readily aligned global Enterprise Architecture and Product strategies to ensure business goals were met and solutions delivered on time and within budget.

**Professional** experience continues...

## **DIRECTOR - SOLUTIONS ARCHITECTURE** ▶ Assurant Solutions

2012 - 2016

Anchored ten-person **team** of Technical Architects guiding hands-on creation of **solution** blueprints, design documents, and templates. Promoted environment of **collaboration** and operational excellence by setting KPIs and regular performance reviews.

- **Assembled **team** of top-tier technical experts while building **Architecture Practice from the ground up****; outlined structure and processes to facilitate growth and continuously evaluate performance while managing budgets and forecasting activities.
- **Enhanced visibility and positively changed perception of **Architecture Team enterprise-wide****; readily demonstrated value of the **Architecture** discipline driving demand for **Solution Architecture** resources exceeding supply.
- **Recognized as technical SME to create **enterprise initiative artifacts****; served as Member of Digital **Architecture** Council and **Cloud** Strategy Committee while initiating integration strategy and leading **architecture** planning for Connected Living.
- **Crafted architectural blueprints and **technology** roadmaps aligned with current and future-state business capabilities**; efforts bolstered initiatives worldwide, including Global Warranty and Connected Living using **IoT/digital technologies**.
- **Led *Global Warranty in a Box* design on Global Warranty Program**; **solution** featured public **cloud**-based (Azure, AWS) option leveraging containerization, APIs, SQL, SOA, CI/CD, **DevOps** and microservices **best practices**.

## **LEAD ARCHITECT - ENTERPRISE PORTALS** ▶ BlackBerry Limited

2009 - 2012

Led on essential **enterprise**-wide initiatives like BlackBerry **Enterprise** Portals.

- **Trusted thought leader in planning, designing, and implementing** BlackBerry's SOA initiative.
- **Directed and mentored multinational, matrixed group of technical/**project** resources** using Agile and OOAD methodologies.
- **Go-to Identity Management SME for **Enterprise Portals Architecture team**, steering **implementation** of standard **solution** across the **enterprise****; used SAML/OAUTH extensively to enable SSO (Single-Sign-On).

## **SOFTWARE IT ARCHITECT- FINANCE INDUSTRY (US SOUTHEAST)** ▶ IBM Corporation 2004 - 2009

Enhanced partnerships with clients across the Southeast by preparing/delivering technical demos/presentations and proofs of concept (**POC**) using Eclipse-based IDEs.

- **Verified solutions met **enterprise** client requirements** by conducting **solution assurance** reviews.
- **Leveraged AI tooling to conduct capacity planning** for highly available and clustered environments.
- **Oversaw Integration **Architecture** and SOA **governance** engagements** for numerous clients.
- **Additional experience as eCommerce **Software's** Finance Industry Solutions Specialist - US East**

## EDUCATION & CREDENTIALS

**Master of Business Administration (MBA) - **Technology Management**** | University of the West Indies

**Bachelor of **Science** (BS) - **Computer Science** (magna cum laude)** | University of the West Indies
