(404) 203-7987

Atlanta, Georgia

A product designer skilled in interaction design, user research, and prototyping. Strong in empathy, storytelling, visualization, written and verbal communication, and visual communication. Creates well organized, data-driven solutions that enhance user engagement and accessibility.

Work Experience

UX Designer

May 2024 - Present

Delta Air Lines

- Spearheaded the design of an accessible mobile application in an agile environment, enabling passengers to control in-flight entertainment (IFE) systems, leveraging emerging industry trends and innovative technologies
- Collaborated with a cross-functional team on 3 large-scale digital experience initiatives, designing user-centered B2B product experiences that drove business growth and customer engagement
- Presented 8 design concepts to senior leadership, with 2 selected for further development and user testing

UX Engineer

Aug 2023 - Present

Georgia Institute of Technology

- Designed and built a networking platform for Interactivity@GT applying design thinking principles, facilitating 200+ new professional connections
- Enhanced the MS-HCI program website through accessibility optimizations and focused on iterative product development, leading to significant improvements in product usability and customer engagement
- Implemented responsive design solutions ensuring seamless experiences across desktop and mobile devices

UX Designer

Mar 2022 - Jul 2023

Emora Conversational AI

- Led end-to-end redesign of conversational AI interface used by 3,500+ students, focusing on mobile accessibility and intuitive interaction patterns and analyzed research data to inform design decisions
- Conducted comprehensive user research including interviews, usability testing, and preference testing to guide design decisions
- Created and implemented accessible design system components and style guides ensuring consistent user experience across platforms

UX Design Intern

Jun 2021 - Aug 2021

BoConcept

- Redesigned main page interface and web content for Flexa product line, leading to 56% increase in user engagement metrics
- Implemented data-driven design improvements based on usability testing, A/B testing results, and heuristic evaluations. Utilized design tools to create user-centered design solutions
- Collaborated with cross-functional teams to develop information technology products that met business objectives and user needs

Projects

IBM / UX Designer (Capstone Project)

Aug 2024 - Present

Collaborating with IBM research on LLM evaluation through user-centered design. Conducting research for AI content evaluation systems focused on expectations and alignment. Applying design thinking to create intuitive interfaces for complex AI tools.

Microsoft / UX Designer (Industry Partner)

Aug 2023 - Dec 2023

Designed enhanced communication features for Microsoft Teams mobile application, focusing on workflows and interaction patterns. Created mockups and prototypes for business-customer communication. Implemented design iterations based on user feedback, achieving 30% increase in engagement and collaboration metrics.

Core Skills

Design Skills:

User Experience (UX) Design, User Interface (UI) Design, Interaction Design, Information Architecture, Wireframing, Prototyping, User Journey Mapping, Accessibility Design, Design Systems, Visual Design, Intuitive, Graphic Design, Responsive Design, Mobile Design, User Flows, Mockups

Research Skills:

User Experience (UX) Design, User Interface (UI) Design, Interaction Design, Information Architecture, Wireframing, Prototyping, User Journey Mapping, Accessibility Design, Collaboration Skills, Communication, Design Systems, Visual Design, Responsive Design, Mobile Design

Technical Skills:

HTML/CSS, JavaScript, React, Flutter, Python, Unity 3D, Responsive Web Development, Git, WCAG Compliance, Product Management, Google Products, Google Ads, Mobile Platforms, Product Strategy, Android, iOS

Tools:

Figma, Adobe Creative Suite, Sketch, Axure, Miro, ProtoPie, Framer, Rive, UserTesting, Qualtrics, InVision, Adobe XD, Photoshop, Visio, Dreamweaver

Education

Georgia Institute of Technology

May 2025

Master of Science Human Computer Interaction

GPA: 4.0

Emory University

Aug 2018 - May 2022

Bachelor of Arts Computer Science and Religious Studies
