WORK EXPERIENCE

UX/UI Designer, Contract (CareerBook) - Remote, October 2023 to Present

- Guide a high-performing team of five designers in the seamless **development** of a functional, accessible B2C website, utilizing the collaborative **design** tool Figma, while adhering to industry best practices to create **user** flows, over 25 high-fidelity screens, a Style Guide, and the Developer Handoff, resulting in exceeding the client expectations
- Collaborate with a **cross**-functional team to craft a comprehensive Style Guide/Brand Platform, empowering the client to communicate foundational elements of branding and **design** effectively
- Create a Developer Handoff file with accurate pixel measurements and explicit annotations to facilitate clear communication with the **Development** Team regarding the product's implementation, leading to harmonious product **development**
- Coordinate agile team meetings, strategically aligning **design** priorities and ensuring consistency across all project phases to ensure prompt delivery of product
- Navigate inherent team challenges, ensuring timely delivery of project milestones and consistently prioritizing stakeholder management

UX/UI Designer, Contract (KED Cosmetics) - Remote, April 2023 to September 2023

- Partner with a dynamic team of three other designers to lead the redesign of a B2C website using Figma, placing a strong emphasis on **accessibility** and industry best practices to drive traffic to the client's site and boost sales
- Play a pivotal role in the collaborative prototyping of an existing **design** by working with my team to ensure that the prototype functioned properly and fully represented the desired **user experience**, ultimately optimizing **user experience** and **interface** coherence
- Contribute to the **development** of a comprehensive research plan and play a key role in executing usability **testing** using the interactive prototype, resulting in actionable insights informing **design** enhancements
- Harmonize research data analysis within the team, addressing **user** concerns and collaboratively developing new, consistently designed high-fidelity screens grounded in best practices
- Cooperate with the **design** team to establish and document visual **design** standards with a new Style Guide, ensuring consistency and adherence to brand guidelines throughout the project lifecycle

Admin/Creative Support, Independent Contractor - Remote, Atlanta, GA, September 2009 to February 2024

Various Event Coordinators and Wholesale Vendors:

- Leverage empathetic interactions to actively engage with event guests and staff and understand **user** needs and preferences, contributing to an environment that prioritizes attendee satisfaction and overall event success
- Apply **UX**-inspired strategies to effectively showcase features and benefits of diverse wholesale products, driving large order acquisitions from retailers at trade shows
- Utilize empathetic communication to understand retailer needs and preferences, creating an engaging and persuasive product **experience** that contributes to increasing sales and brand visibility

Various Real Estate Investors:

- Incorporate human-centered **design** principles and empathy-driven methodologies to create modern and inviting interior spaces for local real estate investment groups, resulting in spaces that seamlessly blend aesthetics with functionality to enhance **user experience**
- Arrange end-to-end management of residential rental properties in Minnesota and Georgia, overseeing licensing processes, optimizing work orders, managing rent collections, and executing seamless coordination with stakeholders
- Employ **user**-centric marketing strategies, implement interior **design** concepts, and execute seamless coordination with leasing agents to ensure a harmonious and engaging **experience** for both property owners and tenants

Council & Associates, LLC:

- Integrate personal assisting tasks seamlessly: Implement efficient scheduling methodologies for meetings, conduct basic financial **reporting**, streamline the banking process, manage vendor payments, and facilitate client interactions

- Align with **UX** principles to execute targeted marketing mailings to enhance the overall operational efficiency and client **experience** for the local attorney/firm
- Implement an intuitive and efficient system for weblog management across diverse platforms (**HTML**, FTP, cPanel, and various plugins) employing **UX** best practices to optimize file organization, customization, and maintenance processes, ensuring a **user-friendly experience**

Lemon's Aid Accounting Services:

- Exercise **user experience** principles to meticulously navigate bookkeeping responsibilities across seven unique clients, including a church, hair salon, and attorney
- Operate various QuickBooks versions seamlessly to create an intuitive and **user-friendly** financial ecosystem
- Conduct precise deposit transactions, reconcile bank statements, and employ error-detection strategies, ensuring a seamless and error-free financial **experience** for each client

Admissions Representative, Westwood College - Atlanta, GA, August 2013 to December 2013

- Orchestrate targeted outbound communication campaigns, employing **UX**-informed methodologies to engage with over 75 prospective students daily, increasing prospective student responses by 20 percent, contributing to a significant boost in overall enrollment rates and enhancing the student acquisition process
- Foster empathetic communication to guide them through the benefits and features of the private university, ensuring a personalized and informative **experience**, earning "Rookie of the Quarter"
- Conduct personalized tours, delivering transparent information on prices, terms, and conditions, resulting in an enhanced understanding and increased conversion rates by 15 percent among prospective students

Operations Support Representative, Federal Reserve Bank - Minneapolis, MN, April 2005 to September 2009

- Champion **user experience**-driven administrative functions for seven teams, optimizing data entry, filing, phone communication, scanning of bond **applications**, and mail handling
- Optimize team workflow through strategic delegation, ensuring timely task completion to enhance efficiency and **user experience** in day-to-day operations, and contributing to seamless **collaboration** across diverse teams
- Facilitate onboarding by designing and delivering **user-centric**, intuitive training experiences for new employees while optimizing team workflow through strategic delegation, ensuring timely task completion

Lead Sales Counselor, LA Weight Loss - Eden Prairie, MN, August 2003 to March 2005

- Apply **user-centric** coaching techniques to empower sales staff in effectively addressing and overcoming customer objections, leveraging **design** thinking methodologies to empathize with customer objections, conducting thorough research to understand common pain points, and employing effective soft skills in communication and active listening
- Execute **user experience**-informed strategies in selling weight loss programs and products, tailoring solutions to align with individual client weight loss goals
- Promote **UX** principles to revamp employee scheduling, considering individual strengths and preferences to create collaborative work environments, resulting in improved team dynamics and increased employee satisfaction
- Employ **user-centered** approaches to enhance inventory management systems, ensuring a seamless and intuitive process for tracking and restocking weight loss products, minimizing disruptions in product availability for clients
