Professional Profile

Background

Carlos Gonzalez is an **SAP HR/HCM** Lead Implementation Architect working as an Independent Consultant in the Area of Human Capital **Management (HCM)**. His main area of work is Enterprise Resource **Planning analysis**, design, implementation, and production support of Human Capital **Management** solutions by utilizing his expert knowledge of all areas of **HCM** processes within the Employee Lifecycle. Specialized focus on **Payroll** Processing, **Time Management**, and **Organizational Management** / Personnel Administration. He has lead implementation and support work teams across 47 countries and 6 broad regions: Asia Pacific, Europe, Latin America, Middle East, North America, and Oceania.

He has about 14 years of experience on different **SAP HCM** modules and have worked as an **SAP HCM** functional lead with hands-on **configuration** for all eight (8) full lifecycle (FLC) implementations. In addition to those full life-cycle implementations, he has worked in around eight (8) additional ERP projects with **SAP** technologies some of which included Success Factors (EC, PCC, Compensation), SF Point to Point Replication, with responsibilities that spanned from production support, and systems upgrades to other **SAP HCM** initiatives.

The Full **Software-Delivery Life-Cycle (SDLC)** **SAP HCM** projects have been completed while adhering to various methodologies such as ASAP and they include the following areas: Delivering Requirements Gathering Workshops, Fit/Gap **Analysis** and Resolution, WRICEF (FRICEW) Inventory, Blueprinting, Build, Various Strata of Tests (Unit, **Integration**, String, Parallel, Regression, Vendor, End-To-End), End-User **Training**, Cutover **Planning** and Execution, Data Loads, Go-Live, and Post Go-Live Support.
