experience

Web/Digital UI Designer

Freelance | JAN '21 - Current

+ Enhancing online presence and brand visibility by successfully designing and launching 12+ websites, brand guides, and logotypes for small community businesses (Shopify, Editor X, Webflow, Wordpress).

UX/UI Designer • THRIVE

Atlanta, GA | OCT '21 - FEB '24

- Developed an interactive journey map to optimize drug product development and internal onboarding, resulting in a 20% increase in operational efficiency.
- Distilled Mirion Technologies' information architecture for a unified website UI in 15 frames, aligning medical and industrial brands post-acquisitions, enhancing user experience, and strategically addressing key customer journey moments.
- Collaborated with cross-functional teams to draft mobile system requirements, identifying over 50 edge case conditionals, which facilitated successful design validation and streamlined FDA 510(k) submission for software UI specifications.

UX Researcher • Cognito

DEC '20 - MAR '21

Conducted comprehensive user testing on 'Cognito', a legal workflow application, to enhance user experience and inform design improvements.

User Experience Designer • Deloitte x SCADpro

MAR '21 - MAY '21

Created a stress-free leave experience, integrating Deloitte's existing capabilities into a reboot leave of absence program and positively affecting Deloitte employees.

Lead UX Designer • AMC/Coca-Cola x SCADpro

AUG '20 - NOV '20

Assisted in personal collaboration with The Coca-Cola Company and AMC Theatres to research and develop concepts to improve the in-theater concessions experience.

Summary

Hi there, my name is Charleen! I enjoy closing gaps and creating positive impacts in the lives of my users. As a UX/UI **designer**, my passions in storytelling, digital **media**, and human-centered **design** are combined for a life of **creative** innovations and solutions. I am on a quest to identify unconscious goals and discover newfound techniques that may serve both the online community and the technological renaissance we live in. In 2024, I aim to obtain a **UX Design** with Scrum certification as I have come to love agile **design** thinking and methodologies that create opportunities to work **cross**-functionally with teams outside of **design** management as my past experiences have shown me. In a team, I showcase my strengths in uplifting **WCAG** 2.1 standards, auditing **design** systems, and identifying edge cases that have gone undocumented. Come find me at charleenfirlus.**design** My visual experiments live at dribbble.comcbfirlus
