- Analytics & **Reporting**
- UltiPro/UKG/CMS/GHR **Software**
- E-Verify: Employment Eligibility Verification I-9
- Verified PreCheck: Background Check Screening
- Jira Service **Management**
- Password resets and account **configuration**
- Effective communication with Tier 1 support, vendors, and other teams
- Ability to document and escalate unresolved issues to Tier 3

PROFESSIONAL EXPERIENCE:

HCA HEALTHCARE

OCT 2024-PRESENT

HR Onboarding Admin Tier II (Remote)

- Provides support to candidates once an offer is accepted using GHR/CMS systems.
- Responsible for reviewing background check results to ensure public records, education, licenses, and work experience comply with required position qualifications.
- Responsible for determining background check outcomes and decides what action to take based on company procedures.
- Responsible for initiating pre-adverse and adverse action based on background results through PreCheck vendor.
- Responsible for contacting candidates when a pre-adverse/adverse process is initiated.
- Works closely with the ER COE team to review and adjudicate background results.

AMAZON

OCT 2018-MAY 2024

Workday HRIS **Analyst (Remote)**

- Worked closely with development, infrastructure, and security teams to address issues.

- Served as a liaison between Tier 1 and Tier 3 or other specialized teams.
- Developed various **documentation** as needed, including business requirements, system **configuration**, functional specifications, test plans, test cases, user **training**, and implementation **documentation**.
- Diagnosed and resolve basic technical issues related to hardware, **software**, and network connectivity.
- Provided step-by-step assistance for common problems.
- Coordinated tasks across diverse global teams, including vendors supporting **HR** business functions.
- Worked on cross functional projects with groups such as **HR**, **Payroll**, Benefits, Stock and **Recruiting** teams.
- Wrote SQL queries, conducted data **analysis**, and performed data validation.
- Demonstrated ability to troubleshoot and find root causes of issues.
- Managed the data conversion process for uploading current and historical data into Workday.
- Provided guidance and coaching to **Configuration** Analysts.
- Helped clients in converting legacy data into Workday and supported client testing of Workday solutions.
- Responded to inquiries from users via phone, email, chat, or ticketing systems.
- Recorded and document user requests, issues, and resolutions accurately
- Monitored system **performance** and alert higher-level support if anomalies are detected.
- Assisted in identifying recurring issues for potential system improvements.
- Conducted thorough investigations into recurring or severe problems to identify root causes.
- Developed permanent solutions to prevent future occurrences.

CHEWY

DEC 2015-OCT 2018

Workday HRIS Coordinator (Hybrid)

- Partnered and consulted with peer **HR** disciplines (e.g., Talent **Management**, Organization Development, **HR** Business Insights) on using the systems model, diagnosing talent pyramid and talent **management** processes/programs, interpreting results, and building recommendations based on data analyses. Implemented a new paperwork process for a smoother new-hire **onboarding** process.
- Designed, developed and maintained integrations between Workday and internal/external systems.
- Investigated and resolved moderately complex technical problems related to **software**, hardware, and network systems.
- Analyzed system logs and error messages to identify root causes
- Lead the deployment of Workday **HR/Human Capital management** modules at client site.
- Analyzed data, provided **reporting**, and took part in projects in employee compensation.
- Lead the implementation of the holistic people plan (e.g., talent **management**, **leadership** effectiveness, diversity and inclusion, culture).
- Provided **training** or guidance to users on how to use applications, tools, and systems effectively.
- Promoted best practices for IT security and compliance.
- Assisted with **configuration** changes and updates to applications, systems, and tools.
- Tested and implemented system modifications or patches.

UNIFIED WOMEN'S HEALTHCARE

JAN 2014-DEC 2015

Senior **HR Generalist (Remote)**

- Implemented talent movement plans in partnership with Talent **Management** and Talent Development **Management** (TDM) by finding potential successors using business insights and data. Contributed to the development and execution of employee engagement programs.
- Provided guidance on employment related issues (such as ADA, FMLA, FLSA, harassment, discrimination, diversity, corrective action, and progressive discipline) to operations **leadership**.
- Shown talent strengths and needs through ongoing assessment of business needs. Facilitate **HR** processes and operations programs to ensure ethical, fair, and consistent approach.
- Assessed upcoming Workday release functionality and changes to client business processes.
- Workday report development, testing and validation; Excel and Microsoft **reporting** services.
- Worked closely with the Americas Compensation team while collaborating with the Global Compensation team to implement and help with communications of global and local compensation programs.

- Found and troubleshoot issues within the Human Capital **Management (HCM)** system, including researching and resolving system-related problems, errors, and discrepancies.
- Contributed to expanding the workforce diversity of the client's organization and building inclusive **leadership** practices.

Human Resources Assistant

FEB 2012-JAN 2014

- Helped develop and support functional and system **documentation** for Workday.
- Coordinated with client to execute release.
- Conducted new hire orientations, helping seamless **onboarding** experiences for employees.
- Functioned as a point of contact for the **project** / client for delivery of Workday Integrations.
- Maintained HRIS records, ensuring data accuracy and compliance with privacy regulations.
- Helped in the development and implementation of **HR** policies and procedures.
- Participated in the implementation of a streamlined **onboarding** process, reducing **onboarding time** by 20%.
- Engaged with engineering stakeholders to gain credibility and partnership.
- Kept pace with new functionality from Workday as part of Release **Management** to influence the strategic technical direction.
