Mobile app development, Technical Writing, Proofreading, Designing Manuals, Designing Documentation, Chat GPT prompt generation, Project Management, Debugging, Following the SDLC

Work History

Technical writer and Video Editor-Contract position

Cobblestone Consulting

Oct 2023 – Dec 2024

- Crafted detailed storyboards for software application tutorials, ensuring instructional clarity and engaging content delivery.
- Executed comprehensive quality assurance (QA) checks on technical training courses, identifying and resolving content discrepancies to uphold high standards of accuracy and effectiveness.
- Create user guides, checklists, and QuickStart guides for new software
- Documented technical workflows in the private wiki to educate newly hired employees.
- Followed company style guides and editorial guidelines to craft well-organized and easy-to-follow content.
- Created "How to" technical tutorials using Camtasia for the auto industry.

Software Engineering Intern

Affinity Hospice, Canton, GA

August 2023 – Oct 2023

- Utilized JavaScript and Node.JS to develop a full-stack application containing a web form and a database following client requirements.

LinkedIn and Portfolio

- <https://www.linkedin.com/in/joshua-schoen-77b742252/>
- <https://sites.google.com/view/joshuaschoenportfolio/project-page>

- Worked across the development lifecycle to build and maintain code to create a full GitHub.
- Reduced client manual input time by 80%.
- Provided software and hardware troubleshooting to maintain performance levels.
- Demonstrated time management, organizational, prioritization and planning skills by successfully handling tasks, projects and priorities.

Software Engineering Intern

Cobblestone Consulting, Canton, GA

April 2022 – July 2023

- Developed an automation tool for generating customized onboarding training materials for new employees, featuring an interactive questionnaire interface.
- Enabled users to populate web responses into a form and turn them into MySQL database fields, integrated them into a Microsoft Word template, and enabled users to print personalized onboarding documents.
- Conducted rigorous quality assurance testing across various stages of project development, guaranteeing the delivery of error-free and user-centric technical training courses.
- Achieved consistent on-time project completion, demonstrating exceptional time management and organizational skills in fast-paced environments.
- Embraced constructive feedback with an open mind, leading to continuous process improvements and elevated team performance through proactive adaptations and refinements.
- Provided software and hardware troubleshooting to maintain performance levels.

Education

Bachelor of Science in Computer Science
Degree, Minor in Mathematics

January 2019- Aug 2024

Kennesaw State University, Marietta, GA

- Honors: Cum laude, Dean's list (2021)
- Data Structures, Software Q&A, Software Architecture and Design Technical Writing, User Interface Engineering, Internet Programming, Operating systems, Information Retrieval, AI Prompt Generation, Mobile App Development, Problem Solving
- GPA: 3.6
