- NIST CSF | OWASP Security Standards Knowledge
- MadCap Flare DITA | Markdown Working Knowledge
- AI | Machine Learning Fundamental Knowledge

WORK HISTORY

TECHNICAL WRITER

Jun 2021 - Dec 2024

Vecima Networks

Duluth, GA

- Documented content for Video-On-Delivery (VOD) and broadband solutions while supporting 10 product teams simultaneously, creating and updating **technical documentation** for **software** applications, systems, and processes—including service memos, release notes, end of line (EOL) notices, user guides, installation & configuration guides, and knowledge base articles)
- Collaborated with product leads and DevOps teams to gather and translate complex information into user-friendly **documentation**
- Translated **software** developer kits (SDK) specifications into clear and concise **documentation**, aligning with industry and client standards
- Managed content using Confluence, Jira, Wiki, SharePoint, and Salesforce for seamless access and version control
- Created **technical** diagrams using draw.io tool to highlight network architecture
- Applied UX knowledge to ensure content structure aligned with graphical user interface (GUI) of **software** products
- Led product **documentation** reviews with stakeholders and quality assurance teams to finalize **documentation** for general release
- Reviewed and edited Content Delivery & Storage (CDS) product **documentation**, ensuring clarity, consistency, and adherence to style guidelines
- Performed coursework reviews with **technical** trainers, boosting course quality
- Translated multilingual content efficiently using MemoQ

SENIOR TECHNICAL WRITER / BUSINESS ANALYST

Apr 2020 - May 2021

Hays USA (Remote Consultant – Truist Bank)

Atlanta, GA

- Documented cybersecurity policies and procedures for the Vulnerability Management and Data Protection (VM|DP) Division
- Collaborated with management teams to document Sarbanes-Oxley (SOX) compliance requirements for business practices
- Converted complex security protocols into clear visuals, improving understanding of penetration testing processes

SENIOR TECHNICAL WRITER

Oct 2019 - Mar 2020

Optomi Professional Services (Consultant – NCR Corporation)

Atlanta, GA

- Documented content using Adobe FrameMaker and Adobe Acrobat for the Convenience Fuel and Retail Division retail point-of-sale (POS) systems
- Established standardized **documentation** protocols that enhanced content quality, reduced review cycles, and accelerated project delivery timelines

SENIOR INFRASTRUCTURE TECHNICAL WRITER

Oct 2018 - Aug 2019

Bridge Technologies and Solutions (Remote Consultant – Verizon)

Eagle, ID

- Documented Genesys Interactive Voice Response (IVR) infrastructure processes and Polycom phone deployment procedures in Confluence portal for the Global Service Operations Division's JPMorgan Chase Bank client
- Communicated effectively with team members and stakeholders to clarify procedure standards and gather feedback

TECHNICAL WRITER**Aug 2014 - Jun 2018****Aspect Software****Duluth, GA**

- Authored and edited **technical documentation** via Adobe FrameMaker and Adobe Acrobat for premise and cloud-based contact center employees for Aspect Via, Workforce Optimization, IVR, Interactive Text Response (ITR), Short Message Service (SMS) Chatbot, Telephony, SaaS (**Software as a Service**), Red Hat (Open Source), and Amazon Web Services (AWS) technologies
- Collaborated with **software** developers and programmers to implement and edit JSON scripts in Simple Object Access Protocol (SOAP), Representational State Transfer (REST), and asynchronous Application Program Interface (API) **documentation**
- Enhanced **technical** communication through the creation of Visio-based architectural diagrams

INSTRUCTIONAL DESIGNER**Nov 2013 - Jun 2014****Veredus Corporation (Consultant – Turner Broadcasting System)****Atlanta, GA**

- Designed and developed eLearning curriculum using a Yammer portal for Turner employees; topics included email retention policies, IT compliance policies, social media tools, data loss prevention, and telemetry data monitoring applications
- Revised online help system via RoboHelp tool

INSTRUCTIONAL DESIGNER**Jan 2013 - Sept 2013****Infinite Computer Solutions, Inc. (Remote Consultant – IBM Corporation)****Rockville, MD**

- Designed and developed eLearning curriculum for IBM employees and clients using Articulate Storyline, focusing on Big Data, Business Intelligence, and Smarter Commerce topics for pre-sales activity education to project management
