SUMMARY

- Detailed-oriented Information Systems Auditor well-versed with the test and design of **SAP** SOX ERP controls.
- Skilled in evaluating the effectiveness and efficiency of business and system processes to identify potential risk of control deficiency and implementing mitigation plans where necessary.
- Proficient in collaborating with internal/external teams, offshore partners and vendors to execute and obtain **documentation** for IT application controls (ITACs) and SOX ITGCs (access controls, change **management**, data backup and recovery, SDLC and IT operations).
- Effective liaison that drives positive outcomes between IT and business teams by utilizing aptitude for learning departmental processes, expertise in SOX audit controls, **SAP HCM** system administration, and security and authorizations.
- Achievements include **SAP** implementation, administration, security, production support, and completing audit cycles as both an external and internal auditor, ensuring IT controls meet Governance, Risk, and Compliance standards.

Microsoft Certified: Information Protection and Compliance Administrator Associate | Cyber Security Measures | Risk **Management** & Mitigation | Audit & Compliance | Data Governance | Cloud Security | ERP Systems Administration & Security | Cloud Access Security Broker (CASB) **Management** | Identity Access **Management** | AMS Vendor Relations | Cross-Functional Team Collaboration | Resourceful, Self-Driven Team Player with a Flexible, Relentless Mindset

EXPERIENCE

KPMG US | 10/2022 – 03/2024

Sr Assoc, ERP Tech Assurance | Fort Lauderdale, FL

- Collaborated with the audit team to develop and execute audit programs specifically tailored to **SAP** SOX ERP controls (ITACs, IPEs, and ITGCs).
- Facilitated client walkthrough discussion with IT and business stakeholders documenting operational design of **SAP** controls to gather an understanding of system procedures and business processes (i.e., interface controls, segregation of duties, user access parameters, UARs, **SAP** client **configuration** settings, system change **management**, failed jobs, user provisioning and terminations, inventory, order-to-cash, procure-to-pay, vendor accounting and financial **reporting**).
- Meticulously documented **SAP** control procedures, process narratives and key control points to evaluate control design and operating effectiveness.
- Assessed the accuracy and completeness of **SAP** ITGCs and ITAC/IPEs for purchase order processing, goods receipt, invoice verification, sales order fulfillment, delivery, billing, collections activities and GR/IR general ledger postings, identifying process gaps and control weaknesses.
- Analyzed and interpreted **SAP** security logs, transport histories, audit trails, change documents and custom/standard reports to identify unauthorized activities or potential control deficiencies.
- Managed TA associates and offshore resources to test and evaluate the effectiveness and compliance of **SAP** SOX ERP controls (ITACs, IPEs, and ITGCs).
- Evaluated and enhanced **SAP** SOX ERP controls improving system integrity and data accuracy for optimal operational efficiency.

ADMA Biologics | 07/2021 – 9/2022

ERP Applications Support **Analyst** | Boca Raton, FL

- Oversaw the design and implementation of SOX ITGC reports (access controls, change **management**, data backup and recovery, SDLC and IT operations).
- Collaborated annually with CohnReznick auditors to ensure operating effectiveness of SOX ITGCs by providing **documentation**, facilitating system control reviews, and managing mitigation efforts to prevent exceptions.
- Performed user access administration modifying, troubleshooting, and assigning **SAP** authorization roles to meet business requirements (SU01, SU10, PFCG, SU53, STAUTHTRACE and SUIM).
- Partnered with finance controller and SOX compliance manager to evaluate Segregation of Duties conflicts and consult with business units to reduce SoD conflicts and mitigate risks using SailPoint ERP Maestro.
- Generated and prepared SOX ITGC reports on a monthly, quarterly, semi-annual, and ad-hoc basis, detailing active and inactive users, privileged user accounts, and system activities.
- Liaised between IT, **SAP** AMS vendor and teams supporting **SAP** ECC (MM, FI, PM, WM, QM and SD) successfully diagnosing and resolving issues for each module.

ATL Management & Consulting Services, LLC · Contract | 08/2020 – 06/2021

Associate SAP Security Analyst | Fort Lauderdale, FL

- Collaborated with IT and business areas to identify process improvements, assisted in analyzing authorization issues and implemented proposed solutions.
- Analyzed and monitored SoD conflicts and business risk within SailPoint ERP Maestro and SAP GRC (ARM).
- Partnered with customers and functional team to help identify appropriate user access and authorization role for SAP system landscape.
- Performed tier-2 support for SAP ECC modules, configuration, and maintenance support of SAP GRC Access Control.
- Assigned missing authorizations to user accounts (SU01 and SU10), utilizing SU53, SUIM, SU24, ST01 and STAUTHTRACE.
- Performed provisioning of user accounts (SU01 and SU10) and security log ad-hoc reports (SM20).

Ryder System, Inc | 01/2013 – 07/2020

SAP HCM Functional Lead | Miami, FL

- Partnered annually with PwC auditors to ensure SOX ITGC compliance, providing evidence documentation, facilitating system review of controls, and managing systems mitigation to avoid exceptions.
- Managed the design and implementation of SOX ITGCs and generated reports on a weekly, monthly, quarterly, semi-annual, and as-needed basis.
- IT project lead for periodic SAP support pack releases, system patches, BSI updates, ad-hoc departmental requests, change management, security related tasks and year-end activities.
- Performed provisioning of user accounts ensuring users are granted proper authorizations, updated, and delimited according to business requests.
- Production maintenance support provided for existing security roles and authorizations (PFCG, SU53 and STAUTHTRACE).
- Prepared SDLC artifacts such as project plans, requirement docs, design specs, solution docs and user test scripts.

Experis ManpowerGroup · Contract | 07/2012– 08/2012

SAP PA/OM Functional Analyst | Houston, TX

- Led daily incident management support and UAT of SAP HR modules including PA, OM, payroll, and time management, as well as support and enhancement pack upgrades, along with any collaborative efforts for special projects involving SAP integration.

ISL Techsolutions · Contract | 11/2011 – 01/2012

SAP HCM Analyst | Bellevue, WA

- Partnered with development team, business process leads and SME in providing Functional Specifications for ALE feeds, Reports, Interfaces and Portal Changes related to merger/acquisition proposal.
- Performed PA and OM configuration (creation of custom objects and maintenance of relationships, evaluation paths and info groups), and developed UAT testing scripts for reports, interfaces, portal modifications, ALE feeds and IMG config.

NorthgateArinso, Inc | 06/2006 – 09/2011

SAP HCM Consultant | Atlanta, GA

- Facilitated delivery of enterprise solutions, acting as a bridge between the client, stakeholders, and solutions team (SAP HCM modules – PA, OM, Benefits, Time Management, Talent Management and Recruiting).
- Traveled to Quezon City, Philippines as cutover manager for offshore service center, facilitating the knowledge transfer and end-user training of HCM business workflow processes and SAP new user training.

EDUCATION | CERTIFICATIONS | ONGOING TRAINING

Bachelor of Science, Information Technology | American Intercontinental University | Dunwoody, GA

- [Microsoft Certified: Security, Compliance, and Identity Fundamentals \(SC-900\)](#), Microsoft Learn, Date Earned: October 2024

Summary

Experienced professional skillful in bridging knowledge gaps between IT and business team by leveraging extensive expertise in SAP Security and Authorizations, System Administration, and SOX Audit Controls to drive positive outcomes. Career accomplishments encompassing SAP system administration, implementations, production support, delivery of audit support and evidence requirements for Governance, Risk and Compliance. Detailed-oriented Information Systems Auditor well-versed in auditing SAP SOX ERP controls, adept at evaluating the effectiveness and efficiency of business and system processes to identify weaknesses or potential risk of control deficiency. Thrived as a System Administrator, employing expertise in SAP Security and Authorizations, SAP Access Control, and SOX Segregation of Duties (SoD) to manage SAP user administration (SU01 and SU10) with role-based access control, conduct SoD analysis, generate Security Role reports (SailPoint ERP Maestro), and handle creation, modification, troubleshooting, and assignment of SAP authorization roles to fulfill business needs (PFCG, SU53, SU24, ST01, STAUTHTRACE, and SUIM). Proficient in collaborating with vendors, internal and off-shore teams to facilitate system administration, complete internal audit documentation, and execute audit test requirements supporting Sarbanes-Oxley (SOX) compliance.
