

PROFILE

- ❖ Expertise in **project management** and facility **energy management**
- ❖ Extensive LED **lighting** and **lighting** controls **design** for interior and exterior spaces
- ❖ High level of proficiency with MS **Office** tools (Excel, Outlook, Word and PowerPoint)
- ❖ Immense one-on-one client and interpersonal skills
- ❖ Ability to prioritize multiple projects, assess urgent vs. important tasks and follow through to achieve goals
- ❖ Comprehensive skills in developing bid specs, negotiating **project** budgets and managing **project** schedules
- ❖ Proficient in AutoCAD and Revit
- ❖ Comprehensive understanding of electrical, mechanical, and plumbing schematics
- ❖ Highly organized, detail-oriented and a keenness to exploring the issue at hand, reasons behind it and issues surrounding it

PROFFESIONAL **EXPERIENCE**

NORESCO, Morrisville, NC

4/2011 – Present

Senior **Energy** Engineer

Design, manage and implement multimillion dollar **energy** efficiency projects for the municipality, university, K-12 and hospital (MUSH) markets. Responsibilities include designing **energy** conservation measures (ECM), to upgrade existing facility interior and exterior **lighting** and **lighting** controls. Upgrade and replace domestic water fixtures, valve and sink aerators. Develop **engineering** calculations based on facility audit data and prepare subcontractors bid spec packages to obtain material, labor and disposal cost.

Key Projects:

- **Baltimore County Public Schools** - Large K-12 school district included 75 sites and over 5.2 million square-feet. I managed multiple teams of auditors over an eight week period auditing the sites. Organized, managed and designed LED **lighting** systems for thousands of lines of data. Prepared sub contract documents, bid pricing specs and submittals for materials, labor and disposal cost.
- **Virginia Beach City Public Schools** - Large K-12 school district which included multiple phases of ESPC projects and ECMs. For **lighting** ECM, I designed and developed interior and exterior LED **lighting** systems for each site. Prepared sub contract documents, bid specs, submittals and final **project** as-builts for final scope.
- **Montgomery County City Council Building** - Part of a team which designed a full renovation of the seven-story building, upgrading the HVAC system, providing new LED **lighting** and wireless controls and upgraded **energy** efficient domestic plumbing system.
- **Georgia Department of Corrections** - Large-scale **project** which included five prisons throughout the state of GA. Part of a team which managed multiple teams of auditors. Designed and developed interior and exterior **lighting** systems for each site and prepared subcontractor documents, pricing and bid submittals.

ViEW Consulting, Charlotte, NC

5/2009 to 4/2011

Energy Services Consultant (Owner)

Designed and performed facility **energy** efficiency **project** audits for customers in the MUSH sector. I worked closely with clients and collaborated to **design** and develop tailored ECM solutions for the facilities, which would capture maximum **energy** savings while maintaining the lowest cost.

Key Projects:

- **Chatham County Schools** - Large K-12 school district in Savannah, GA, which included 30+ schools sites. I audited and designed an upgraded interior and exterior **lighting** system for each site.
- **Wofford College** - University in Spartanburg, South Carolina, which included 40+ facilities throughout the campus. I audited and designed an upgraded interior and exterior **lighting** system for each facility.

Ameresco Inc., Charlotte, NC

5/2005 to 5/2009

Lead **Project Development** Engineer

Perform facility **energy** efficiency audits and identified **energy** conservation opportunities for the MUSH market sector

Key Projects:

- **City of Columbia** - Part of a team which designed **lighting**, water and HVAC **energy** efficiency upgrades to 50+ municipal **office** buildings, fire stations, recreation centers and park facilities throughout the city. Upgraded HVAC, **lighting** and controls systems throughout facilities.
- **Alleghany County Schools** - Small K-12 school district which included **energy** conservation improvements at four schools. The upgrades included in the **project** were **lighting**, **lighting** controls upgrades, a new boiler and domestic water upgrades.

Chevron **Energy Solutions, Overland Park, KS**

8/2001 to 5/2005

Project Engineer

Perform facility **energy** efficiency audits and identified **energy** conservation opportunities for the MUSH market sector

Key Projects:

- **University of Kansas** - Part of a team which designed **lighting**, water and HVAC **energy** efficiency upgrades throughout the campus. I audited and developed the **lighting** and **lighting** controls upgrades.
- **K-State University** - Part of a team which designed **lighting**, water and HVAC **energy** efficiency upgrades throughout the campus. I audited and developed the **lighting** and **lighting** controls upgrades.

NC A & T State University, Greensboro, NC

8/2000 to 2001

Project Engineer, Research and teachers assistant

- Performed research to determine ways to improve upon the **energy** efficiency of various buildings within the University campus and worked with department professors to develop savings calculations.

Army Corp of Engineers, Fayetteville, NC

5/2000 to 8/2000

General Engineer (Summer Internships)

- Measurement and Verification (M&V) specialist

Clinton Gravely Architect and Associates, Greensboro, NC

5/1998 to 5/2000

Auto Cad technician

- AutoCAD draftsman, who modified floor plans and processed blueprints
- Assisted lead designers with specifications, redline markups and other daily task

EDUCATION

Masters Degree Civil / Architectural **Engineering**

8/2006

NC A&T State University Greensboro, NC

- Concentration in **Energy** Conservation, **Energy Management**, and Facilities **Management**

Bachelors Degree Architectural **Engineering**

5/2000

NC A&T State University Greensboro, NC

- Concentration in Architectural **Design** and **Energy Management**

AFFILIATIONS

- LEED AP; U.S. Green Building Council
- Illuminating **Engineering** Society of North America (IES)

Vicky Walker

- Apex, NC, US
