Montgomery College Germantown Campus - Germantown, MD

Information Technology - Certification - 2021

Udemy - San Francisco, CA

General - High School - 2020

Clarksburg High School - Clarksburg, MD

Work History

Helpdesk Technician - October, 2024 to April, 2025

Kforce - Atlanta, GA

- Was responsible for providing on-**call support** for critical issues involving salesforce and **windows** as well with **software** or app error.
- Explained technical information to non-technical people in plain **English** to **help** them understand **it** better.
- Followed up with clients to ensure maximum **customer** satisfaction following **support** engagement and problem resolution.
- Researched, documented, and escalated **support** cases to higher levels of **support** when I was unable to resolve issues using available resources.
- Interacted with customers and responded to their questions via email, phone, website live chat, and forums.
- Set up new accounts for users, reset passwords, and set up access to servers and file **management software**.

Helpdesk Technician - October, 2023 to September, 2024

Rang Technologies - Piscataway, Piscataway

- Set up workstation users, reset passwords, and set up access to file management software.
- Worked with the support team to help with urgent technical issues and come up with effective solutions.
- Provided comprehensive technical support and problem resolution
- Assisted customers with issues related to online billing, access, and accounts.
- Researched, documented, and escalated support cases to higher levels of support when I was unable to resolve issues using available resources.
- Used strong communication, conflict resolution, and negotiation skills to resolve customer complaints and concerns.
- Interacted with customers and responded to their questions via phone, live chat,

Helpdesk Technician - January, 2022 to October, 2023

Peraton - Herndon, VA

- Set up new accounts for users, reset passwords.
- Worked with the support team to help clients with urgent technical issues and come up with effective solutions.
- Maintained a calm, professional demeanor when faced with high demand, high volume workloads.
- Answered support calls within seconds to avoid delays and abandoned calls.
- Investigated technical issues using my knowledge base and personal experience to complete timely resolutions.
- Responded to end-user support requests and patiently guided people through basic troubleshooting tasks.
- Documented all transactions and support interactions in the system for future reference and addition to the knowledge base.
- Remoted into users computers using Bomgar software
- Ran reinstalls on software and vpn software like Zscaler cisco AnyConnect as well as Pulse, And installing vpn software into users pc and troubleshooting any issues with them.
