"At Deloitte, Jasmine demonstrated leadership, dedication, and excellent work ethics. Jasmine exemplified excellent verbal communication skills and provided written work that was both clear and concise. She assisted the Change Management activities for our US ServiceNow platform environment, as well as led communication efforts for the deployment of several new applications. Jasmine is a highly motivated individual who is willing to take on challenging tasks." - Alva V. Owens, IT Account Manager, Deloitte

PROFESSIONAL EXPERIENCE

Jun 2024 – Dec 2024 AbbVie Pharmaceuticals, REMOTE • CHANGE COMMUNICATIONS Consultant

Supports digital transformation of a leading biopharmaceutical company to create solutions and benefit patients and their communities. Working with change leadership and colleagues across BTS, develop and execute change management strategies to support the adoption of IT changes, especially in the Information, Security, and Risk Management Area

- Developed and Implemented Communication and Stakeholder Management Plan for BTS Accelerate LXP project
- Created detailed communication plans and roadmaps for user workflow adoption and learning for new BTS Accelerate LXP.
- Collaborated with project teams to define the communication objectives and target audience for release
- Developed comprehensive communication plans that include key messages, channels, and timelines
- Coordinated with stakeholders to ensure alignment and approval of communication plans.
- Implemented communication strategies through various channels such as email, social media, press releases, and presentations.
- Determined the impact of change, assess the readiness of the organization for change, identify key stakeholders, and prepare strategies for risk mitigation.

Jan 2024 – Jun 2024: Florida Blue Cross Blue Shield, REMOTE • CHANGE Business Analyst

Used Service Mapping to identify and map Services to Service Offerings to drive team conversion from BMC Remedy to ServiceNow platform tool. This effort was conducted for the entire organization and differentiated Business Services from Technical Services.

- Led informational gathering sessions with internal business units for ITSM service design
- Created a catalog of business services and service offerings by identifying tasks and activities
- Loaded configuration items into the CMDB with the use of ITSM tools such as Remedy MyIT, Smart IT
- Maintained CMDB database when and if configurations (CIs) needed to be update

Oct 2021 - Dec 2023: DELOITTE, REMOTE • CHANGE COMMUNICATIONS CONSULTANT

Conducted detailed change impact assessments and devised communication plans with a high-impact roadmap for change implementation.

Spearheaded communication efforts for newsletters via the US ITS team, improving synergy within the organization.

- Contributed to the successful go-live of Idea Portal, Delivery Portal, and Demand Portal, ensuring a smooth transition and 87% user adoption.
- Provided FAQ and Knowledge Base (KB) Article support, reduced rate of incoming user queries, and increased self-service efficiency
- Elevated system performance by orchestrating ServiceNow migration for APM, consolidating all technology, and optimizing processes.
- Enabled a snapshot of software usage for informed decisions on software licenses, resulting in 12% cost savings by identifying underutilized software.
- Implemented strategic plans and assigned office hours for each release, enhancing user training and receiving positive feedback on the updated decks.
- Led information-gathering sessions to identify key stakeholders impacted by changes, interacting with the PMO and user community to assess current states, benefits, risks, and dependencies, guaranteeing a holistic understanding of change implications.

Nov 2020 – Mar 2022: CERNER, REMOTE • ORGANIZATIONAL CHANGE CONSULTANT/OCM (Part-time)

Acted as a subject matter expert while developing and overseeing content channels and tools, such as newsletters, emails, FAQ pages, and online content to improve engagement. Developed and executed stakeholder engagement plans, nurturing relationships with doctors and head nurses, and delivering necessary training. Played a vital role in streamlining project delivery by collaborating with project teams, front-line managers, and sponsors for on-time completion.

- Formulated actionable deliverables for the five change management levers, encompassing communications plan, sponsor roadmap, coaching plan, training plan, and resistance management plan.
- Prepared comprehensive documentation of process functionality, including workflows, procedures, job instructions, and configurations, utilizing MethodM/Project Portal.
- Succeeded in onboarding new regions, including Midwest and Washington/Oregon, and optimizing implementation strategies.
- Drove 17% increase in the adoption rate of changes by leading training for implemented change initiatives related to business processes, systems, and technologies and aligning change management methodologies with business objectives.
- Conducted stakeholder analysis, assessed change impact, and created change management strategies using PROSCI and ADKAR.
- Orchestrated upgrade of Millennium EHR software in compliance with federal and government protocols through a contract with the VA.
- Maximized ServiceNow helpdesk tool utilization by taking high-level notes per RACI, ADKAR, and ITIL/.

Oct 2020 – Sep 2021: IRS | CONTRACTOR, REMOTE • ORGANIZATIONAL CHANGE CONSULTANT (part-time)

Organized emergency change CAB Meetings for the IRS while maintaining a Secret Security Clearance. Updated workflows on the Security Change Management SharePoint utilizing Service Now (SNOW), Microsoft Office, TEAMS, SKYPE, VISIO, and Microsoft Project. Served as a liaison between problem/incident management and documented technical requirements within the SCRUM framework in an IT workspace.

Jul 2017 – Aug 2020: Anthem | REMOTE • IT CHANGE Manager

Responsible for overseeing best practices for ITIL and ITSM methodologies as it relates to Change Management and all change requests in ServiceNow. Organized weekly CAB and emergency change CAB Meetings for the enterprise.

- Recognized as change management SME and counted on to ensure all change requests were approved within the adequate approval times
- Mandated RFC requests and handled correspondence through all company entities
- Engaged with Disaster Recovery to create Change and SOP for enterprise
- Utilized ServiceNow to approve, reset/reject change request
- Update change requests based on customer requests
- Involved in creating resistance plans/risk mitigation

Mar 2015 – Jul 2017: LIFE WIRELESS, COVINGTON, GA • OPERATIONAL MANAGER

Supported operations using ServiceNow, specializing in Integration, Service Portals, CMDB, ITOM, and ITSM. Represented the company as a Change Management specialist, providing consultation and executing design and development using ServiceNow. Supervised a team of 60+ members for all operations related to guidance, recruitment, and performance management. Defined defects and document enhancements and performed detailed testing before production release in cooperation with the Development team. Initiated dialogue to gain understanding and acceptance of decisions concerning SAC deployment, involving all interested parties, including employees, stakeholders, and IT.

- Operated a \$3M budget and reviewed and ensured compliance with schedules for orders to support efficient workflow management.
- Directed a critical \$150K organizational transition project 3 months ahead of schedule through outstanding project management skills.
- Leveraged extensive knowledge of the Content Management System through the ServiceNow portal and SAP processing and headed all operations linked with incident management, knowledge management, configuration and asset management, and release management.
- Formulated a definitive roadmap for troubleshooting LVL3 concepts and incident management, maximizing efficiency and reducing issue resolution time by 18%.
- Developed SLAs for timely order processing and training manuals for reviewing applications, transitioning from a contact center to a realtime call center.
- Pioneered a corporate ITIL/ITSM change management process, resulting in improved communication with key stakeholders.
- Aided in impactful improvements for the Change Advisory Board and business teams through a robust release management process, leading to an 16% reduction in processing time.

Mar 2014 – Mar 2015: LIFE WIRELESS, MARIETTA, GA • PORTING/SAC SUPERVISOR

Executed a wide range of operations, encompassing escalation calls, schedule coordination, and timecard approval for call center readiness. Supported HR in interviews and coached individual employees to upgrade client **management skills**.

- Optimized workflow efficiency and accessibility through the creation of online systems for various processes.
- Accomplished in consolidating and organizing documentation and training materials for impactful training for a team of 60 plus employees.
- Applied effective **project management** techniques to review and finalize RFQ documents while leading RFQ review meetings and bid approval processes for global **business** opportunities.
- Provided assistance to the legal team in understanding and addressing contract and pricing discrepancies.
- Encouraged strong cross-functional connections and managed negotiations between subscriber markets and senior **management** for telecommunication equipment.

Early career as Porting Analyst/SAC Rep at Telrite/Life Wireless.
