

KRISHNA KOLLA

<https://www.linkedin.com/in/krishnakolla>

SUMMARY

Accomplished Information Technology leader with extensive experience aligning technology initiatives with strategic business objectives to drive measurable outcomes. Proven ability to design, develop, and manage complex IT systems and processes that enhance operational efficiency and deliver business value. A hands-on, results-driven professional with a keen ability to identify architectural patterns, lead transformative initiatives, and build high-performing teams committed to achieving organizational success.

CAREER HIGHLIGHTS

- Managed and mentored geographically dispersed teams
- Strong focus towards Enterprise Architecture leadership, strategy, planning, and management
- Expert knowledge in Enterprise Architecture frameworks utilizing TOGAF, FEAF, Zachman
- Subject matter expert in API led integrations using API, microservices, EAI, and SOA technologies
- Delivered architecture blueprints for large scale end-to-end enterprise digital solutions for web, APIs, cloud native microservices, and mobile commerce transformation applications
- Designed, implemented and fostered reference architecture frameworks and reusable components
- Leveraged On-Premise, Cloud, Hybrid Cloud, PaaS, SaaS, iPaaS methodologies and concepts
- Well versed in Containerization, DevOps CI/CD automation, Kubernetes (K8) products
- Extensive experience in Java and related technology stack
- Possesses thorough understanding of traditional SDLC as well as Agile development methodologies
- Excellent interpersonal, verbal/written communication skills
- Quick learner and self-starter by nature with proven ability to solve complex problems
- Passionate about the work and takes pride in accomplishments/achievements

PROFESSIONAL EXPERIENCE

Throughout my career, I have had the privilege of holding titles such as Enterprise Architect, Senior Architect, Technology Strategist, Cloud Evangelist, Enterprise Solutions Architect, and Enterprise Integration Architect at leading global organizations. While titles and designations hold value, I consider my greatest contribution to be the impact of my strong work ethic and unwavering focus in driving tasks to successful completion.

Enterprise Architect, Kolla Inc., from 09/2010

Independent consultant to various global organizations with a strong focus on the following –

- Strategic leadership for Enterprise Architecture planning, implementation
- Collaborate with other architects to identify synergies across enterprise IT landscape
- Lead API-first strategy definition and implementation
- Develop future technology landscape, multi-year road maps to enable technology capabilities
- Identify and document technology risks to the enterprise
- Prepare and execute technology risk mitigation strategy for the enterprise by collaborating with various department technology leads
- Architecture lead for initiatives to identify, elaborate, investigate, prototype, and validate new technology and vet short-listed solutions and vendors
- Mentor associate team members

 04/2018 - 06/2021
 01/2016 - 12/2017
 10/2015 - 01/2016
 07/2011 - 09/2015
 01/2011 - 07/2011

TECHNICAL SKILL MATRIX

Technology	
Cloud	AWS, Azure, Oracle Integration Cloud Service, RedHat OpenShift, Tibco Cloud, MuleSoft CloudHub, Workday
DevOps	GIT, GitHub, GitHub Actions, JIRA, Artifactory, Jenkins, Azure DevOps
Scripting	Shell Scripting, Python, Ruby, yml
Integration Platforms	TIBCO, IBM WebSphere, Oracle SOA, Workday Integrations, MuleSoft
Messaging & Events	SQS, EMS, JMS, MQ Series, AMQ, Rabbit MQ, Kafka
APM tools	Dynatrace, Splunk, Cisco AppDynamics, ELK stack
SOA/EAI/ESB	TIBCO ActiveMatrix BusinessWorks, MuleSoft AnyPoint platform, SOAP, WSDL, REST/JSON, XMLBeans, Spring
Enterprise Architecture	TOGAF, FEAF, Zachman, LeanIX, ArchiMate
BigData analytics	Hadoop, Hbase, Hive, Spark, Sqoop, Hue, Tibco MDM, Tibco DV
Open source products	Apache family products such as Axis, Ant, JUnit, Log4j, AngularJS
J2EE Technologies	Servlets, JSP, JMS, EJB, Struts, JMX, JDBC
Data Transfer Products	Tibco MFT, Tibco Vault, Tibco SlingShot
Languages	Java, .NET C#
Enterprise products	Workday, Oracle Cloud ERP, SAP, Windchill PLM
Databases	Oracle, SQL Server, IBM DB2, ObjectStore ODBMS, NoSQL, Cosmos DB
Designer tools	Visio, UML, Cameo
Developer IDE	Eclipse, Microsoft Visual Studio, MuleSoft AnyPoint Studio, Workday studio
Operating Systems	Windows, MacOS, Linux, SunOS, HP, UNIX, IBM Mainframe MVS and AIX
Social platform	Tibco TIBBR, Microsoft Yammer

EDUCATION

Master of Science in Management Information Systems (MS in MIS)

Nova Southeastern University, Fort Lauderdale, FL

Summary

Enterprise Architect working to better align business goals with technological innovations. My expertise includes enterprise architecture practice, integration techniques, digital transformation, API economy, and development of standards & best practices. I enjoy generating new ideas and delivering feasible solutions to broadly relevant problems. My fellow teammates would describe me as a fun loving, driven, resourceful team player who always maintains a positive, proactive attitude. Enterprise Architect, Technology Strategist, Cloud Evangelist, Principle Architect, Senior Solutions Architect, Application Architect are a few of the titles held at different global organizations. While titles and designations are awesome, my greatest contribution to the organization I work for has always been and will always be the value brought by my intense work ethic and laser focus ability to complete the task at hand. Career highlights - Managed and mentored geographically dispersed teams Strategized enterprise systems alignment to overall corporate business objectives and goals Implemented API led integrations using API, microservices, EAI, and SOA technologies Delivered architecture blueprints for large scale end-to-end enterprise digital solutions Implemented reference architecture frameworks and reusable components Managed On-Premise, Cloud, Hybrid Cloud, PaaS, SaaS, iPaaS methodologies and concepts Streamlined containerization, DevOps CICD, Kubernetes (K8) products within the organizations Excellent interpersonal, verbal/written communication skills Quick learner and self-starter by nature with proven ability to solve complex problems Passionate about the work and takes pride in accomplishments/achievements
