## Data Analyst

Data Analyst with 5+ years of experience in database management, data analysis, and customer support. Proficient in SQL, Power BI, and developing ad-hoc queries and reports to enhance efficiency. Successfully improved data accuracy by 20% in 6 months. Expertise in managing large datasets, automating processes, and driving business insights.

## WORK EXPERIENCE

### Florida State University Alumni Association • Florida, United States • 02/2024 – 02/2025

The Florida State University Alumni Association connects over 400,000 alumni worldwide. It offers networking, career support events, and opportunities to give back to the university. The association fosters lifelong relationships, promoting FSU's success and strengthening the alumni community.

#### Senior Database Specialist • Full-time

- Collaborated with Alumni and school/college engagement teams to scope and plan projects, fulfill data and report requests, analyze large data sets to improve efficiency, and provide end-user support, resolving issues related to enterprise fundraising software (Blackbaud CRM/BBIS, Papersave) within 6 months.
- Developed ad-hoc queries and SSRS reports for Blackbaud CRM and other data sources (e.g., Oracle BI) to support the Alumni Association. Fulfilled data requests for mailing lists, donor rolls, performance metrics, and giving analyses, increasing data accuracy by 20% in 6 months.
- Assisted with gift/data entry, list management, and contact updates for alumni, staff, and student records. Created and updated database entries, ensuring confidentiality of prospect, donor, and financial data, and reviewed for accuracy in under 3 months.
- Created and maintained data synchronization between Eventbrite and Blackbaud CRM to track alumni event engagement. Developed automated business processes, including engagement scoring and membership loyalty scripts, improving alumni participation by 15% within 4 months.

### Masonite • Florida, United States • 08/2023 – 04/2024

#### Data Entry Specialist

- Accurately processed purchase orders for the Canada and Ontario market, resolving order discrepancies and ensuring timely deliveries through collaboration with customers and internal teams within 3 months, improving order processing efficiency by 5%.
