Relevant Experience

Georgia Hospital Association (GHA) - Marietta, GA

Data Integrity Specialist (2016-Present)

- Creates, writes, and edits presentations, training materials, and mass email communications (ClickDimensions) regarding discharge data to be distributed to GHA members.
- Generates and analyzes reports using Excel, Power BI, and Tableau to monitor data submissions.
- Prepares market share data reports and custom data files upon request.
- Performs quality assurance testing on data deliverables prior to distribution to internal and external customers.

Visiting Nurse **Health** Systems/Hospice Atlanta – Atlanta, GA

Healthcare Technical Writer/Patient Access Coordinator, (2014 – 2016)

- Assisted in writing, editing, and proofreading CMS Face to Face Encounter addendums for the newly implemented Medicare certification requirements.
- Provided administrative support to the business development team to ensure successful transitions from acute **care** settings to home or in-patient units.
- Acted as a liaison for patients and providers seeking home **health** and hospice services.

Chamberlin Edmonds & Associates (an Emdeon Company) – Atlanta, GA

Bilingual Healthcare Representative and Resolve Application Specialist, (2012 – 2014)

- Assisted in designing and creating templates, forms, and letters for patients in need of **health** benefit assistance.
- Contributed to the documentation and process improvement of various government agency required items and **policies**.
- Interviewed patients in a hospital setting to assist them in obtaining maximum benefit coverage.
- Completed applications for state and federal assistance programs.

Northside Hospital – Physician’s Office – Atlanta, GA

Public Health Analyst Intern, (2011)

- Developed a written thesis and presentations to propose innovative solutions for preventing and treating patients currently suffering from preventable chronic disorders.
- Conferred with professors, physicians, and other health care providers to translate data regarding successful cardiovascular disease prevention programs to assess their effectiveness and overall impact on the community.

ICanLocalize.com, OnTheGoSystems, Inc. - Las Vegas, NV

(Freelance Translations)

Technical Writer/Online Content Translator (2008 – 2014)

- Translated written content for user manuals, legal, medical, and business documents to create a concise publication.
- Interpreted and transcribed text in French, Spanish, and English for various iPhone applications as well as gaming instructions to help clients reach a broader audience.
- Applied language skills such as grammar, syntax, semantics, style, and appropriate terminology, while consistently completing work before deadlines.

Georgia Institute of Technology - Atlanta, GA

Undergraduate Research Intern: Georgia Institute of Technology Institute for Paper Science and Technology (2006 –2008)

- Performed proofreading and editing functions for a scientific publication on the effect of redox chemicals in Loblolly Pine somatic embryos.
- Utilized Excel to render technical data (i.e., charts, tables) to demonstrate proper analysis and accurate results.
- Completed result presentations and collaborated with professors and colleagues to identify areas for improvement in existing literature, while proofreading and editing new material.
