S U M M A R Y

Initiative-taking and innovative IT Professional with a focus on developing solutions and problem solving. Proven ability to learn quickly, adapt to modern technologies, and solve problems effectively. Experience in business **analysis** demonstrates excellent **communication** and interpersonal **skills** and ability to understand and explain both technical solutions and business **requirements** to stakeholders at all levels. Expertise in **.NET development**, Azure technologies, and SQL. Enthusiastic about breaking down and solving complex problems and driving efficiency in process automation.

K2, Power Automate
SQL

.NET (VB.NET, C#, ASP)
Visual Studio, VSC, TFS

JavaScript, CSS, HTML
PowerShell, Bash

E X P E R I E N C E

.NET Developer

BrandSafway | Atlanta, GA

Oct 2023 – Feb 2025

- Supported and enhanced three long-term business-critical **.NET applications**, rapidly learning modern technologies, and implementing modern UI elements using DevExpress libraries in the billing application, allowing business users to work 50% more efficiently in the application.
- Completed **Microsoft's** Azure DevOps learning path and implemented Git for source control while implementing build pipelines for supported **applications**, automating 100% of build process.

Automation Solution Architect

BrandSafway | Kennesaw, GA

Jul 2019 – Oct 2023

- Created eighty-eight automated workflows in K2 and Power Automate, saving the company over \$350k in combined annual costs for previous platform and manual processes.
- Designed, implemented, and streamlined SQL **database** tables, views, and stored procedures to support over eighty-eight automated workflows, ensuring **scalability** and standardization across all automations.

- Successfully trained four new employees on automation **software**, resulting in a 20% increase in **team** productivity for **development** and supporting incidents.

E D U C A T I O N

Information Technology

Kennesaw State University | Marietta, GA

May 2019
