PROFESSIONAL EXPERIENCE

TATA Consulting Services (Delta Airlines) | Atlanta, GA | 09/2022-11/2024

Sr. Scrum Master/ Delivery Lead

Led three Scrum teams in delivering digital transformation initiatives for Delta.com, focusing on SkyMiles management and flight/vacation booking functionality while managing AWS cloud migration projects.

Key Achievements:

- Increased team velocity by 30% through improved sprint planning and impediment removal
- Facilitated successful integration of offshore team members, improving collaboration and delivery efficiency
- Implemented standardized Agile ceremonies and metrics tracking across all teams
- Coached Product Owners and development teams in Agile best practices

- Established effective Scrum of Scrums coordination for multi-team initiatives
- Created and maintained team dashboards for tracking sprint metrics and dependencies
- Managed project plans, timelines, and resource allocation to meet increment goals
- Seamlessly integrated offshore resources, implementing timezone-optimized ceremonies that increased distributed team collaboration by 40%

Course360 (Fiserv Project) | Alpharetta, GA | 08/2021-06/2022

Sr. Scrum Master/Project Management

Served dual role managing Agile teams delivering enterprise banking solutions for ACH security, Check Positive Pay payments, and wire transfer functionality.

Key Achievements:

- Facilitated daily ceremonies for distributed teams across multiple time zones
- Improved sprint predictability by 40% through enhanced estimation techniques
- Established team working agreements and definition of done
- Implemented retrospective action items tracking, achieving 85% completion rate
- Successfully managed dependencies across multiple Agile teams
- Owned team backlog with responsibility for setting and monitoring priorities
- Served as liaison between Product Development groups and enterprise teams
- Managed stakeholder expectations while ensuring alignment with product goals
- Conducted UAT and reported issues using QA defect tracking tools

Accenture Federal (US Veterans Affairs) | Alexandria, VA | 02/2021-08/2021

Senior Product Analyst

Led digital modernization efforts for VA education benefits transformation using SAFe Agile methodology.

- Conducted stakeholder interviews through in-person and virtual meetings
- Analyzed requirements documentation for technical solutions
- Created comprehensive project documentation from development through post-production
- Documented use cases and technical specifications for administrative software
- Managed requirement changes and provided regular stakeholder updates
- Created flow diagrams and collaborated with development team on functional specifications

ControlScan | Alpharetta, GA | 08/2019-01/2021

Sr. Scrum Master/Project Management

Drove the successful execution of small to medium-sized PCI **compliance software** projects, using Agile Methods. This involved creating and managing the yearly road map, monitoring project success and providing timely progress reports to executive stakeholders.

Key Achievements:

- Doubled team productivity within six months through effective Agile coaching
- Developed and implemented Agile maturity assessment framework
- Created comprehensive Scrum training materials for new team members
- Mentored junior Scrum Masters in facilitation techniques
- Successfully managed transition from Waterfall to Agile methodology
- Reduced product backlog within one year through leadership and strategic prioritization
- Implemented and managed product roadmap
- Created Jira dashboards to track team velocity and sprint metrics

FSI Fulfilment | Austell, GA | 10/2018-08/2019

Project Manager

Managed small to mid-size projects, establishing project plans and monitoring progress for executive **management**.

- Managed fulfilment projects from initiation to closure
- Gathered project specifications through various methods
- Created business cases for project requests
- Monitored project success throughout lifecycle
- Analysed cost factors including materials, labor, and overhead
- Developed comprehensive project cost summaries
- Managed project timelines, resources, and labor

Turner Broadcasting **System Inc. | Atlanta, GA | 04/1999-11/2015**

Business **Systems Analyst**

Managed organizational **compliance** testing and operational controls using ITIL methodology.

- Championed key process metrics for consumer segments
- Created detailed requirements specifications and process flows
- Managed project portfolio, cost projections, and risk assessment
- Designed and implemented audit strategies
- Monitored **application** performance using HP BAC
- Managed **system** changes and provided strategic resolutions
