modernized and automated processes, transactions, and data (4) defining program **delivery** measures of success and **change** adoption KPIs (5) readiness and upskilling of **business-critical** employees, 3rd party vendors, and certified external resources who deliver 2.2 million legislatively monitored and audited services to citizens daily.

Jan 2024 – June 2024: Transformation **OCM** Leader (Strategy: Global Go-to-Market Sales Modernization – NDA Mid-cap Client)

- **Oracle ICM Technology Integration Implementation (6 Month Contract **Engagement**):** Transformation leader responsible for developing the Transformation Strategy, Plans, Playbooks, Execution, and Transition Plan for the Global GTM Sales modernization program involving global Sales, sales support, back office, HR, and accounting employee communities spanning 24 countries (EU, ASEAN, NA, DACH). The following Phase 1 ADKAR components were integrated within the strategy and plan which included (1) Defining Success, (2) Defining Impacts through interviewing and surveying via MS Forms, and (3) Defining The Approach. The **change** was then sized using the ADKAR 5 Rs (**Risk**, Resistance, Resources, Roles, & Roadmap) to form the **OCM** Roadmap, which was reviewed with key global stakeholders and approved by the sponsor.
- Executive advisory **consultant** to client officers and contracted resources responsible for achieving success measures during the strategy design, **delivery**, and transition phases (E.g., value realization, technology adoption, enterprise performance, and customer serviceability).

Feb 2023 – Dec 2023: ITGM & Workforce Modernization - Global Transformation Transition Leader (Avanade): Global Transformation Transition Leader responsible for developing the Transformation Transition Strategy and Execution of the global workforce redesign, modernization, and transition program involving 30K employees across 18 country regions. I established the Transformation requirements, the case for organizational **change**, success measures (E.g., Human Capital, Financial, etc.), and operating model, engaged global officer stakeholders, defined the global transition requirements and plan, and established the organizational **change** readiness and adoption plans during the pre & post-transition phase. This required the alignment of all enterprise transformation milestones, senior officers, and global **change** resources (Finance, HR, **OCM**, Managed Services, 3rd Party Partners, etc.) and integrated activities within the program plan at an accelerated timeline.

Nov 2022 – Dec 2022: Organizational **Change Management Consultant:** Developed the **OCM** strategic framework with enablement tools to drive **business** readiness for a new product release in North America. The framework included the integration of the sales processes, sales tools, measurement of success, **change** adoption, and **change** sustainability.

May 2019 – Sept 2022: Client (Global Insurance Firm), **Business & **Technology Transformation**** – Under NDA: Developed and managed the Enterprise Transformation Framework & Enablement for five (5) strategic programs: Path to public as a newly formed stock traded entity; Workforce modernization and **skills** marketplace; HR Transformation; **Business Process** Outsourcing (BPO); enterprise products and program **delivery** portfolio optimization. Driving a complete redesign of the existing (1) **Waterfall framework to a hybrid (Agile)**; HR Service **Delivery** Model; (2) Operating Model & Workforce Modernization with increased **management** spans of control, competencies and upskill requirements; (3) Partnering with Leaders by defining the CIO's End-to-End Visibility & C-Suite Reporting Dashboard via Tableau Server (4) Defining Measures of Success for the transformation programs by aligning effectiveness, adoption, governance, and profitability. Advisory Services - Enterprise Initiatives: **Business Process** Outsourcing, Digital Transformation.

- **Project Initiative 1** (Technology **Delivery** Maturity Project): **Transforming from Waterfall to Hybrid Agile** (Multi-year/Multi-phased Program Implementation). In **Phase 1 (Launch & Pilot Teams)** of this program, I served as an **OCM Consultant** tasked with implementing the ADKAR framework for Technology **Delivery** teams transitioning from **Waterfall** to **Agile** methodologies. Key Phase 1 objectives included: (1) Defining Success, (2) Identifying Technology & People Impacts, (3) Outlining the Approach, (4) **Planning** & Acting, (5) Tracking Performance, and (6) Adapting Actions. The transition involved adopting Atlassian JIRA for DevOps and newly

formed cross-functional teams (Pilot Squad Groups).

- In **Phase 2 (Expand)**, insights from focus groups, interviews, and surveys were used to refine the **OCM** strategy for broader **Agile** and JIRA adoption across the entire Technology organization. The refined Phase 2 plan emphasized: (1) ADKAR's 4 Ps (**Project**, Purpose, Particulars, People), (2) Enhancing the PROSCI ROI of **Change**, (3) Evaluating ADKAR **Change** Aspects, and (4) Improving **Communication** & Training strategies based on Phase 1 outcomes. To ensure the expansion of the effort, I implemented the ADKAR Sponsor & Role Activation approach to ensure **leadership** advocacy to remove barriers, address resistance and drive support.
- In **Phase 3 (Mature)**, the focus was on advancing **Agile** practices to SAFe and implementing enterprise portfolio **management** using the Atlassian Jira Align platform. As the **OCM** Leader, I ensured the successful upskilling and adoption of Jira Align and SAFe methodologies for all **IT** leaders (Director level and above). To achieve these outcomes, I utilized PROSCI's Phase 2 & 3 Manage **Change** methodologies: (1) Plan & Act, (2) Track Performance, (3) Adapt Actions, and (4) Sustain Outcomes.
