EXPERIENCE

Sr. Contract Control Manager - Veolia, Atlanta, GA	02/2023 - Present
---	--------------------------

- Spearheaded the implementation of an enterprise-wide Salesforce CPQ price book process, enhancing quote accuracy by 35% and shortening the sales cycle time by 40%, resulting in a \$10M annual revenue boost.
- Created a local billing discrepancy management process that cut invoicing processing time by 70%, recouping over \$55K in the first 3 months.
- Executed a comprehensive Salesforce sales adoption strategy, achieving a 98% user adoption rate, recognized as a best practice for the quote sales process.
- Managed national/local contract price books and acted as the primary Salesforce CPQ subject matter expert.
- Designed and standardized an automated account onboarding system (BotSurge) across the company.

HR Solutions Consultant II - UKG, Atlanta, GA	06/2022 - 03/2023
--	--------------------------

- Led successful integrated UKG-Salesforce solutions for a Fortune 500 client, saving \$5M in annual HR operational costs.
- Developed custom solutions leveraging Salesforce and UKG platforms for enterprise clients.

- Managed complex implementation projects using Smartsheet and agile methodologies.
- Provided comprehensive product knowledge transfer and technical support to clients.

Customer Advocate - Carvana, Chamblee, GA

10/2021 – 06/2022

- Implemented Hauler Inspection forms in Salesforce, reducing processing time by 80%.
- Generated data reports to prevent inspection issues and proposed a geo-location sign-in/out process.
- Documented and maintained enhancements to existing solutions and business processes.

Salesforce Administrator - Trailhead

07/2018 – Present

- Completed Lightning Experience Reports & Dashboards Specialist, Business Administration Specialist, User Authentication Settings and several other superbadges.
- Configured advanced reporting, dashboards and workflows in Sales & Marketing Cloud.
- Implemented validation rules, duplicate management and security features through custom profiles and permission sets.
