

# CHINTAN DESAI

## Principal Architect

📞 2066199875 @ chintandesai.83@gmail.com

CD

## EXPERIENCE

### Principal Architect

#### Amazon/AWS

📅 02/2019 - Present 📍 Seattle, WA

- Partnered with Account Managers and BDs to secure deals exceeding \$30MM
- Pioneered 'Predictive Image Analysis' patent as the first-named inventor
- Authored an official AWS blog post on 'Monitoring and triggering alerts using Amazon CloudWatch for Amazon Connect'
- Engineered and implemented enterprise-grade architectures to optimize cloud expenditure
- Spearheaded numerous modernization and migration workshops, and created plug-and-play offerings for expedited cloud solution implementation

### Solutions Architect

#### National Pen Inc

📅 12/2017 - 02/2019 📍 San Diego, CA

- Led onshore and offshore teams in the successful execution of e-commerce platform migration projects
- Collaborated closely with business users as an SME for e-commerce applications, providing guidance throughout the SDLC
- Directed efforts to implement SEO strategies
- Improved tracking accuracy by implementing Google Analytics, reducing the tracking gap from 20% to 5%
- Designed a REST-based service (SAFE) to transition the monolithic e-commerce application to a microservices architecture
- Planned, executed, and delivered large-scale projects on time

### Lead Software Engineer

#### Epam

📅 07/2017 - 12/2017 📍 San Francisco, CA

- Led development efforts for Sephora.com
- Managed onshore and offshore resources
- Designed and developed the Sephora Virtual Artist functionality for mobile applications
- Oversaw the transition of Sephora.com to HTTPS
- Led the implementation of a Unified Front-End Architecture to enhance website and mobile app performance and responsiveness

### Software Architect

#### Guitar Center Inc

📅 01/2015 - 07/2017 📍 Westlake Village, CA

- Certified ScrumMaster
- Led projects, including OMS Integration, Lessons Integration, Product Collections, and Financing Promotions, resulting in a 15% year-over-year increase in company revenue
- Managed onshore and offshore teams

### ATG Developer

#### National Pen Inc

📅 04/2012 - 12/2014 📍 San Diego, CA

## SUMMARY

An accomplished and results-driven Principal Enterprise Architect with a proven track record of success in leading complex cloud solutions and driving significant business outcomes.
