SUMMARY

A seasoned Business Data Transformation Leader with 20+ years of experience driving enterprise-wide strategy across industries. Expert in aligning business, technology, and data initiatives with governance, privacy, risk, compliance, and security frameworks to ensure regulatory compliance and mitigate risk. Proven leader in cross-functional team management, product strategy, data/risk assessments, and policy development supporting business continuity (e.g., SOX, GDPR, HIPAA, ISO 27001, SOC2, PHI, Solvency II). Skilled in legacy modernization, integrating operations into business-as-usual, and advising executives on best practices, emerging risks, and third-party/vendor oversight. A strategic thinker, effective communicator, and trusted partner to leadership.

EXPERIENCE SYNOPSIS

- Product, program, process and project management for legacy modernization across many industries
- 25+ years in Data management, 15+ years of GRC, 10+ years of Finance/Marketing support experience
- Expertise with industry frameworks (DAMA, ISO, NIST, TOGAF, ISO, HITRUST, Zero Trust etc.)
- Architect experience in data management, risk management, audit management, and policy development
- Transforms complex or at-risk initiatives into successful outcomes by introducing culturally unconventional strategies and leading teams through legacy modernization, including SAP, SFDC, and Cloud migrations, with a strong focus on data governance, privacy, and security
- Strong communicator, leadership influencer, relationship builder and speaker at many conferences
- Continuous learner: MIT Cybersecurity bootcamp, Cornell Business Strategy/Leadership bootcamp, Keller Graduate School - DeVry Uni. – MBA Management, Minnesota State Uni. Bachelor's -Electrical Engineering
- Certified Data Management Professional CDMP from DAMA International, CDO Fundamentals, CDOIQ

PROFESSIONAL EXPERIENCE

LEONIS CONSULTING LLC

Independent Strategy, Transformation, Advisory Consultant

Jun 2019 – Present

- 2025 Nvidia GTC25 conference **Attendee on What's next in AI**
- 2024 CDOIQ conference **Speaker: Presidential Executive Order: AI Regulations**
- 2024 EDW conference **AI discussion Panel Moderator**
- 2021 EDW conference **Speaker: Launch a modernization Data Governance Framework**

WESTERN UNION (via Leonis Consulting LLC) (Jan 2024 - Nov 2024)

Global money transfer, bill payments, money orders, pre-paid cards financial services provider, 200 countries, 130 currencies

Challenge: Convert to Alation catalog, Establish, Standardize DG, Privacy Controls to 8 Domains (leader on Maternity leave)

Change Management: New India DG team set up, restructure the organization to lead Data Ownership on the Business side

Sr. Consultant, Data Governance, Privacy; Got Data Governance Playbook formalized, signed for Domain kick off efforts

- Build a new Data Catalog product that incorporated integrations across numerous data domains and legacy solutions
- Proposed data strategy to executive leadership focused on a Data Governance framework and data operations lifecycle
- Incorporated the basic principles for Metadata, Data Quality, Data Lineage and Data Governance against existing Pillars
- Facilitated key stakeholders' meetings, to pitch DG and Privacy process enhancements, i.e. Discovery, Integration, DSAR
- Built the business-as-usual operational flow, to get certified data into Alation catalog, via Critical Data Logical Element Identification, from Terms in existing Business Processes and Reports, while noting Data Owners, Data Stewards, and Technical Custodians for 8 Domains: Customer, Agent, Payments, Compliance, Risk, Pricing, Marketing and Transactions
- Identified gaps/enhancements to build transparency, traceability, and trust in the Data leveraging DAMA, IAPP, NIST
- **Tools:** (Alation Data Catalog), TAMR (Customer Master, Data Lineage), Confluence, SharePoint, PowerPoint, Office 365

BROADVIEW FEDERAL CREDIT UNION (via Leonis Consulting LLC) (Nov 2022 - Mar 2023)

A top 30 Federally insured NCUA resulting from the merger of SEFCU and CAP COM Credit Unions, with \$8 Billion in assets

Challenge: Revamp vendors tools/processes in Data Analytics supply chain focused on incorporating DG, DQ, MDM, Cloud

Change Management: Coordinate the 2 Credit Union engineering teams to identify all data processes, vendors, workflows

Consultant, Interim-VP, Data Engineering and Analytics; Merger data efforts focused on SEFCU acquiring CAPCOMFCU

- Identified fastest path to integrate 2 Credit Unions (M&A), expand revenue by \$2 Billion. Migrate to Azure/Snowflake
- Review Financial asset products offered by credit union to consolidate against new pricing strategy after board approval
- Review Customers and Accounts for mastering and consolidated reporting across the newly rebranded credit union
- Proposed data strategy deck to executive leadership focused on frameworks, data lifecycle/maturity, merger/migration
- Incorporated data lifecycle management, standard data operations and legal data retention, archival, destruction policy
- Rebuild, standardize Data request intake process, data operations handbook, reports inventory, identify items to purge
- Proposed a right sized Data Governance model fit for purpose aligned with GRC, transparency, traceability, and cloud
- **Tools:** Oracle SQL (Querying/Profiling/Reporting), Power BI (SSIS, SSRS), SharePoint, PowerPoint (Presentation), O365

VISA-DIRECT (via People 2.0, North Highland Consulting) (Aug 2022 - Oct 2022)

Money Movement division for VISA Domestic and Cross border digital payments, branded credit, debit, prepaid card services

Challenge: Build Business Insights Framework for VISA. Pitch Data Governance to Marketing/Payments executive leaders

Change Management: New engagement with the Payment and Cross border leadership in APAC, EMEA, NA, LATAM, IMEA

Lead Management Consultant, Business Insights Framework Architect; Marketing/Digital Solutions Dept., CDO Office

- Architect for process improvements, analytics related to wire/money transfers (SWIFT/ACH) to ensure compliance
- Data lineage, Strategy, Management focus: P2P, A2A, P2A data operations, process optimization, conceptual modeling
- Leveraged data insights framework. Interview, assess data analytics demands for 4 strategic drivers/pillars/priorities
- Produced executive summary/recommendations: interim, short-term, and long-term standardization/improved steps
- **Tools:** Oracle SQL (Querying/Profiling/Reporting), Tableau, SharePoint, PowerPoint (Presentation), Office 365

ORION GOVERNANCE (via Leonis Consulting LLC) (Oct 2021 - Dec 2021)

Challenge: Rebuild vendor website with new image/text content, mobile, whitepapers, vendor stories, client nurturing series

Change Management: Significant re-write required frequent weekly meetings with Dev team in Sweden and California

Consultant, Data Lineage, Product Marketing, Content Strategy; New Website Redesign, 3.0 Product Launch

- Led the new website Product Marketing, content build and deploy strategy for <https://www.oriongovernance.com>
- Included All-In-One Orion Governance Enterprise Information Intelligence Graph (EIIG), Data Fabric, Lineage, Catalog
- Wrote new content on regulatory GDPR/CCPA compliance, risk/security, traceability, cloud for SEO/CRM on redesign
- New Menu sections included "Capabilities" (e.g. Active Metadata Data Fabric, Data Catalog etc.) and relevant "Use Cases" (e.g. Modernization, Cost Optimization, Governance) for Industries (e.g. Financial, Retail, Manufacturing, Healthcare, Government) and "Resources" (for Articles, Whitepapers, Case Studies, Videos, Demos etc.)
- Financial focus was on leveraging EIIG for BCBS-239 use cases, SOX compliance use case, GDPR use case etc.

DEEPAK BHASKAR

dbhaskar2008@gmail.com | Minneapolis, MN | 612-600-1690 | <https://www.linkedin.com/in/dbhaskar1>

- Healthcare focus was on leveraging EIIG for HIPAA use case, Solvency II use cases, Information Traceability use cases
- The Healthcare penalty avoidance for legacy architecture like mainframes were highlighted where Cobol, Fortran, Assembler still in use, should not hold back from solving the business needs of the day while observing PHI, PII, HIPAA
- **Tools:** Trello, Slack, Miro, Office 365; Serving BI needs for: Power BI, Snowflake, Tableau, Salesforce, SAP, Qlik, Looker

VISA-ADVANCED RESOLUTION SERVICES (ARS) (via People 2.0, North Highland Consulting) (May 2021 - Jul 2021)

Consumer office for VISA Global digital payments, branded credit, debit, prepaid card services. CFPB/FCRA/PCI regulated

Challenge: Process-Map VISA's decades old Consumer Office. Build operational efficiency for new laws /regulatory terms

Change Management: Weekly VISIO process mapping, re-write status tracking focused elimination of non-value add items

Management Consultant, Data and Analytics Architect; Risk and Compliance Dept.

- Conducted a process value stream analysis for a Risk and Compliance department to identify non-value add work. Leveraged a data insights framework to meet consumer/regulatory demands, balance data privacy/security needs. Tracked existing forecast reports for accuracy and likelihood for penalties from regulatory authorities like CFPB.
- Data Strategy, business value stream analysis: credit freezes, process optimization, risk/performance metrics/indicators
- Leverage data insights framework. Meet consumer/CFPB/regulatory/legal demands, data privacy/security/office needs
- **Tools:** Oracle SQL (Querying/Profiling/Reporting), Snowflake, Power BI, Crystal Rpt., Jira, SharePoint, PowerPoint, O365

CHICO'S FAS (via Leonis Consulting) (Aug 2019 - Mar 2020)

Leading Omnichannel specialty retailer for women; operates Chico's, White House Black Market, Soma. CCPA, PCI regulated

Challenge: Vendor led Data Lake effort ended in a Data Swamp. Vendor discontinued, Identify a Data Strategy for Data Lake

Change Management: Prior failed Data Strategy required engagement of Business leaders to lead this new attempt (OCM)

Management Consultant, Data Governance Framework Architect, Data Modernization initiative, PMO Office, COO org.

- Course corrected 2-year Data Lake misstep. Architected a DG Strategy and Data lineage DG, DQ, MDM framework; Customer/ Product/ Store Master data put in place for omnichannel, CCPA data privacy needs. Recommended a Data Modernization strategy that would bring new tools for Metadata, Data Catalog, DQ, DG, MDM, Data Lineage
- The objective: Increase product information management for better pricing strategies, stickiness and loyalty rewards
- Ensuring maximum tracking of the customer across channels, digital mobile/web and physical brick and mortar stores
- Secondly recommended archival and purging of customer data that was obsolete, no longer relevant and poor quality
- Primary stakeholders: COO, VP of omnichannel, VP of Security, Legal for data privacy (CCPA), data lineage. Crystallized business success criteria, business data owners, data stewards, technical custodians. Collaborated on metadata, business rules, data quality, workflows, approval processes, focus on KYC, loyalty. Domains: Customer, product, calendar, store masters. Cleansed transactions, created DG artifacts, metadata, DQ business rules approval workflows
- **Tools:** Oracle SQL (Querying/Profiling/Reporting), PowerPoint (Presentation), Loyalty Programs, POS, Office 365

THOMSON REUTERS - LEGAL (in 2018 sold 55% of Finance-Risk BU to Blackstone for \$20 Billion)

Jun 2017 – May 2019

Leading source of mass media and information operating in 100+ countries, the past 100+ years. GDPR/CCPA regulated

Challenge: Formalize Customer Data-Ops Marketing funnel strategy, controls, procedures. Migrate to SFDC

Change Management: Greenfield effort puts new process, tool integrations to align with new bus unit segments

Manager, Commercial Data Strategy and Acquisition; Commercial Excellence-Legal BU. (Oct 2018 – May 2019)

Manager, Legal GTM Data Strategy and Acquisition; CMO organization, Legal BU. (Jun 2017 – Oct 2018)

- Led Infogix \$1M+ SOW; Aligned B2B/B2C marketing, customer data quality, mastering, sales, privacy (GDPR, CCPA)
- Market the best pricing of the 200+ legal products against the 1 million plus attorneys matched by their practice area
- Involved in Refinitiv-F&R separation, including consulting with Gartner, PWC, Deloitte on RFP's, POC's, lesson learned
- Led CMO effort; B2B/B2C Go-to-market Salesforce customer strategy, web scraping, data standardization/migration
- Led DG/DQ/Customer Master, Self-Service RFP/ROI Bus. case/contracts/negotiation/license purchase, integration
- Team built unified SFDC – CDP solution. Led Machine Learning POC to Master Customers. 1+ Million prospects acquired

Tools: Informatica ETL, Infogix DQ/DG, Enterworks (MDM), Data Loader, TAMR, Eloqua Email, Adobe AEM, Alteryx, SQL

THRIVENT FINANCIAL (via Leonis Consulting)

Jul 2016 – Feb 2017

Regulated \$90 Billion asset Non-profit credit union/brokerage/retirement/financial services, Insurance, annuities, mutual funds

Challenge: Decades old financial infrastructure had Metadata debt. Conduct a Metadata RFP and formalize an EDM Group

Change Management: 2nd RFP attempt (prior RFP wasn't fruitful). Decades of legacy metadata to now be centralized/owned

Management Consultant, Metadata; Enterprise Information Mgmt. Dept. NCUA/CFPB/NAIC/PCI/SEC/FINRA regulated

Reported to the Director of Enterprise Information Governance, Director of IT Architecture, CIO org.

- The Business data modernization effort had Legal, Security traceability concerns. Led the 7-month CIO driven Enterprise RFP covering: Metadata, Data lineage, Data Quality, Data Governance and MDM. Drove a full request for proposal (RFP)
- Initiated assessment by interviewing ~30 business/technical SME's. Gathered functional and regulatory requirements, conceptualized the RFP, 12 vendors picked for MNDA's, reviewed responses; scored by SMEs. Shortlisted 4 vendors
- Consulted LOBs on ROI/NPV analysis, license models. Influenced executive/stakeholder's decision to select the winner
- Pitched the Business Case; Laid out a blueprint road map for phased legacy migration, implementation, with major tasks
- **Tools:** Informatica ETL, DQ/DG, Oracle SQL (Querying/Profiling/Reporting), PowerPoint (Presentation)

DEEPAK BHASKAR

dbhaskar2008@gmail.com | Minneapolis, MN | 612-600-1690 | <https://www.linkedin.com/in/dbhaskar1>

XCEL ENERGY (via Emtage Consulting)

Mar 2015 – Mar 2016

Regulated \$20B utility firm: Supplier, distributor, trades electricity, natural gas, energy solutions. FERC/NRC/PUC/OSHA regulated

Challenge: Vendor led Red SAP migration effort. Build a new Data Governance capability for migration to turn back Green

Change Management: Accounting, Finance, Compliance and consulting groups met twice weekly to align/track critical items

Management Consultant, Data Governance; Productivity through Technology (PTT) initiative

Reported to Director, Enterprise Systems, dotted line to the Director, Corporate Accounting, CFO org.

- A CFO led, 3-year \$55 Million SAP conversion, 150+ Accenture consultants (System Integrator). At EOY 2 - The Metadata, DG, DQ, MDM track was red. The client asked to leverage SharePoint for DG to successfully Go-Live Jan 2016.
- Led, Architected and Influenced the DG track (team of 4) to centralize provisioning protocols for requirements gathering, standardization, design, build/wireframe, configure business rules, master data, test, deploy, train phases.
- Business process standards were built for Data lineage, Master data request forms for business unit utility field workers, workflow management, approval/rejection processes, email alerts for Finance, Controlling, Project systems
- Championed and sustained organizational change management by creating a solid control plan consisting of roadmaps, metrics, reports, communication, education, and training leveraged to facilitate review board meetings
- Converted from an aging JDE solution to these SAP modules: General Ledger, Profit Center, Company Codes; Internal Orders, Cost Center, Sec. Cost Elements, SKF, Allocation/Segments, Costing Sheets, Joint Venture; WBS
- **Tools:** SharePoint (DQ, DG, MDM), SAP (ERP), Oracle SQL (Query/Reports), Mulesoft (ESB), PowerPoint, MS Office

DIGITAL RIVER (1996 startup acquired by VC-Siris Capital in Feb 2015 for \$840 Million)

May 2003 – Feb 2015

Global leader in Ecommerce, Multi Cloud Commerce, Marketing, Payments SaaS; \$35 Billion in annual transaction vol. Multi-tenant, Agile, API first leader, Global Cloud commerce solutions with a Self-Service SaaS model. PCI/DSS/SEC/SOX/GDPR regulated

Challenge: Incorporate Data Governance into a Big Data, Data Services, Cloud deployments, Business Continuity models

Change Management: Modernization engagement with bleeding edge innovation teams in Cologne, Minnesota, Taiwan

Challenge: SOX, SOC2, SEC, Dodd Frank, GDPR regulation ramp up included new Data Retention policy, Governance charter

- **Change Management:** Met CIO, Chief Architect, Data Center team on security concerns post 2010 data breach
- Sr. Manager, Enterprise Data Governance,** Reporting to VPs of Data Services, Governance, Risk and Compliance
 - Collaborated on big data. Conducted DQ/DG RFP, NPV-ROI analysis, \$1 Million expansion business case, road map
 - Enhanced DG/DQ policies, fraud heuristics. Led real-time/batch DG, DQ road maps. Reduced shipping/tax losses ~\$300K; Regulatory compliance; CS savings ~\$200,000; Managed vendor relationship; \$450,000 DQ license purchase.
 - Led \$1 Million DQ/DG RFP (ROI/NPV/payback analysis); Led a DG committee. Incorporated 90-day email data archival aligned with O365 launch, Legal data retention and destruction policy that incorporated Geocode fraud detection
 - Served on Trillium Software customer advisory board, 2012 Gartner Industry Analyst: Data Quality magic quadrant
- Challenge:** Incorporate a patent focused on digital rights management for streaming media advertising to drive revenues
- Change Management:** Worked closely with Executive Leaders, Inventors and Legal to build the patent for consistency
 - Submitted an advertising patent for streaming media to the USPTO for purchases while watching TV, in partnership with streaming retail media network partner: UltraViolet (a cloud based digital rights locker) as part of Digital Entertainment Content Ecosystem (DECE), an alliance of 85 firms in retail, film, electronics manufacturing, cable, internet service providers etc. The goal was to track customer engagement across many channels and optimize for sale
- Challenge:** Standardize, Modernize, Restructure firm to meet Client driven demand - New Business Units/Teams/Locations
- Change Management:** Worked closely with HR to build new team structures, budgets, titles, skills and layers in VISIO (OCM)
- Challenge:** Build Single Source of Truth in a new ERP. Conduct RFPs to incorporate new tools and deploy ERP in 18 months
- Change Management:** Daily War room meetings between HCL Implementation partners and Department leaders **Manager,**

Enterprise Data Quality Program, Reporting to SVP, Enterprise Data Management. (Jan 2008 – Feb 2012)

- Led 6 RFP's: ETL, DQ, metadata, MDM/RDM/PIM, ERP, BI tools; Owned EDM track for \$40 Million SAP implementation
- Managed team, road maps, budget. Business case, ROI/NPV for \$600,000 DQ contract. Scaled DQ, metadata, MDM/PIM

Bubble assignment – 2013 with the SVP of Strategic Marketing, 2012 with the Office of the CEO-CTO

- Strategic business partner to exec., M&A leaders: Content mgmt. CMS, mobile, big data, NoSQL, Social disruptions
- Led Office of the CEO/CTO effort to restructure ~500+ Corp. employees. Launched productivity initiative for a COE
 - Q3 2014 - Presented enterprise data management strategy paper to TDWI
 - Q3 2013 - Data Governance Professional Organization DGPO global webinar 500+ attendees
 - Q2 2013 - Data Governance Best Practice Award – Finalist, 2013 DGIQ conference
 - Q3 2010, Q2 2008 - Associate of the Quarter Award - Enterprise Data Management
 - Q3 2009 - Team of the Quarter Award – 'Itasca' SAP ERP migration

Challenge: \$40 Million Marketing Target revenue goal. Build New Marketing programs, a Reporting capability to track all

Change Management: Centralization data tracking of marketing programs required touchpoints with managers/leaders

Challenge: Test/Deploy Client product catalog on new global language/currency websites deployed in EMEA, APAC, LTAM

Change Management: Weekly Architecture review board and Production/Maintenance release meetings held for Agile SDLC

Sr. Database Analyst, Market Force DemandGen Agency, Reporting to Sr. Director, Marketing. (Oct 2005-Jan 2008)

Software clients: Symantec, McAfee, Trend Micro, Avast, Kaspersky, Autodesk, SAP, Sonic, Nuance

DEEPAK BHASKAR

dbhaskar2008@gmail.com | Minneapolis, MN | 612-600-1690 | <https://www.linkedin.com/in/dbhaskar1>

Consumer Electronics clients: Microsoft, Lenovo, Seagate, Western Digital, Philips, Acer, Logitech

Gaming clients: Entertainment Arts, Razer, Wizards of the Coast, Ubisoft, Spotify. Media: Delivery Agent, Sitecore

- Build/managed Analytics for Marketing/Sales trends, forecasting, P&L; \$50 Million record profit. Team grew 15 to 80+
- Programs: Email, Affiliate, Paid search, PPC, SEO, A/B, Multivariate tests, Web Loyalty, Free/Payment Trials
- Heavy focus on sales events around Black Friday, Christmas, New Years, July 4th, Labor Day for marketing promotions
- Heavy focus on omnichannel marketing, responsive design, attribution tracking across device (iOS, Android, PC OS etc.)
- Produced crossover reports tracking cannibalization on competing marketing and advertising efforts for optimization
- Lead for 40+ releases, APAC stores launch, BI reports, fraud heuristics, contracts, costing models, margin analytics
 - Q4 2006 - Associate of the Quarter Award - Strategic marketing
 - Q1 2005, Q1 2004 - Team of the Quarter Award - QA team, Trend Micro OEM International Store team

Gelco Information Network (Concur/SAP today), Migration Consultant

Apr 2002 – Feb 2003

- Data Migration of Legacy (ODS, EDW, Mart, Mainframe) to Oracle 9i/Java. Created mappings, dictionaries, PL/SQL scripts

Eschelon Telecom (Integra Telecoms today), Oracle DBA

Feb 2001 – Oct 2001

- Database maintenance, installs, upgrades, patches for Oracle databases and SQL server databases
- Separated development and Production environments, Monitored disk growth, capacity, backups, alert and error logs
- Ensuring crystal reports functioned optimally while implementing state tax rates for monthly billing cycles

Techies.com (DBA, Tools Engineer, Test Engineer)

Mar 1999 – Dec 2000

- Advertising banners for client jobs against CNET and ZDNet Career tabs, while also leverage other advertising channels and campaigns
- Database administrator for cron jobs, backups, build out of data marts, data warehouse, web-based portals, mapping software, geocoded website data collection tools (WebTrends, IPro, Accrue). Tracked CRM data trends for execs in product alignment and development. Provided advertising tracking, measurement and demographic data to marketing, product and development managers
- Co-authored professional staffing technical report with Gartner Consultant. Developed and maintained a sales query tool
- Set up a 'request tracker' for end user requests and proposals to the product review board
- Set up an automated web publication tool and data mart and reported corporate data using complex SQL queries

EDUCATION AND CERTIFICATIONS

Master's Degree: DeVry University; MBA Business Administration: Focus: Strategy, International Business

2008

Master's Program Certificates

- CDO-1 Foundations for Chief Data Officers – 2023 CDOIQ Symposium 2023
- Cybersecurity Executive Bootcamp Certificate – Massachusetts Institute of Technology 2023
- Leadership and Negotiation - Minnesota High Tech Association (MHTA) ACE program 2013
- Business Strategy: Competitive Advantage - Cornell University, Johnson Grad. school 2012

Technical Certificates

- Taking up AI Certifications, and Studying for the CIPM Privacy Certification (In-Process) 2024
- Google Marketing Analytics Masterclass (Digital Summit conference) 2019
- Infogix Govern certified and Infogix Data Quality trained 2019
- Certified Data Management Professional CDMP (EDW conference) 2018, 21
- Trillium Software Systems Data Quality certificate 2008
- SAS programming certificate 2007
- Oracle DBA, Advanced PL/SQL, Java programming certificates 2000
- Client/Server Technologies - University of Minnesota 1998

Bachelor's Degree: Minnesota State University; BS Electrical Engineering - Microelectronics, Telecoms

1998

BOARD EXPERIENCE AND PROFESSIONAL AFFILIATIONS

Toastmasters-International, Member

2023-2024

DAMA-MN (affiliate to DAMA-International), President – Exec. Board of Directors
