PROFILE

An innovative and solution focused Scrum Master/Project Manager/Business Analyst with 8 years of experience in both Agile and Waterfall environments. I have coached and mentored teams that are new to Scrum through Bootcamps. I am an Agile Catalyst with demonstrated expertise in serving as part of co-located and distributed teams, working to deliver high quality products & services to both internal and external clients. Demonstrated success in leading complex projects from initial planning through execution to final delivery, combining the roles of Scrum Master, Project Manager, and Business Analyst to drive cross-functional alignment and deliver measurable results.
